

The Suffolk County Department of Public Works seeks a responsible, motivated and self-starting individual to fill an Instrumentation Technician position in our Sanitation Division in Stony Brook. This division oversees the operation and maintenance of twenty-one wastewater treatment plants and seventy pump stations throughout Suffolk County.

Incumbents will perform functions in areas listed below as well as other areas as required.

- (1) Pneumatic and mechanical instrumentation and motor control systems.
- (2) Basic electronics.
- (3) Electrical instrumentation maintenance.
- (4) Fundamentals of digital logic.
- (5) Digital systems maintenance.
- (6) Variable (proportioning) controllers.

Minimum Requirements: Graduation from a New York State or regionally accredited college or university with an Associate's Degree in Electrical Technology or a related field, and two (2) years of experience in the installation, repair, maintenance or trouble-shooting of electronic, electro-mechanical or electrical monitoring equipment. Additional experience in the above-mentioned fields will be substituted for the above required education on a year-for-year basis.

Starting Salary \$45,988 plus excellent benefit package.  
Suffolk County residency required

Qualified applicants send cover letter and resume to: Alan Schneider at [sc.personnel@suffolkcountyny.gov](mailto:sc.personnel@suffolkcountyny.gov).
