APPLICATION PROCEDURES

The Civil Service Department has an "open-filing" policy which allows applicants to file for any competitive job title they may be interested in, whether or not an examination is currently scheduled; applications are then held in file and candidates are notified when the examination for the title is scheduled.

Announcements publicizing upcoming examinations for which you may file an application are posted in the Hauppauge office of the Suffolk County Department of Civil Service and at our Riverhead Information Module located in the lobby of the Riverhead County Center, Riverhead, New York. You may also access information on upcoming Civil Service exams, filing procedures, job descriptions, eligible lists and more on our Internet website: www.suffolkcountyny.gov/civilservice. Announcements are also mailed to Suffolk County public libraries and local branches of the New York State Employment Service, as well as all jurisdictions under the aegis of the Suffolk County Department of Civil Service (i.e., the main office of each town, village, school district, etc.) It is suggested that you check these locations periodically to learn what examinations are being held. Specific examinations are announced and held for each title. The examinations are scheduled on a specific date and applications must be submitted to the Civil Service Department before the last filing date indicated on the announcement. Applicants may file online or must complete an application for employment (Form CS-205A and CS-205B) for each examination for which they are applying. An application fee is required for most competitive examinations. Applications for those periodically scheduled examinations must be postmarked by midnight of the last filing date. You will be notified by mail approximately ten days before the examination date as to your eligibility and the exact location and time of the test.

The passing score for each examination is 70 and eligible lists of passing candidates are established for a minimum period of one year, up to a maximum period of four years, pursuant to New York State Civil Service Law. The number of positions available, location of positions and other aspects of employment may vary and, as such, affect the length of time an eligible list remains in existence. An eligible candidate on the list may be permanently appointed to a vacancy during the time the list is in existence.

If you have had additional voluntary or paid experience or further education in your field, you may qualify for additional positions in these and other occupational categories. Information on the full range of opportunities available in Civil Service can be obtained by visiting the Suffolk County Civil Service office which is open Monday through Friday from 8:30 a.m. to 5:00 p.m. Other information booklets are also available and are very helpful in explaining how to properly complete a Civil Service application form, the meaning of provisional status, veterans credits, etc. The Department's Information Unit is on call to answer many of the commonly asked questions pertaining to the civil service process and employment in the civil service system. We look forward to serving you.
