COMMUNITY COLLEGE LETTER 2012-2013

May 31 2012

Presiding Officer William Lindsay
Suffolk County Legislators
William Rogers Legislative Building
725 Veterans Memorial Highway
Smithtown, New York 11787

Dear Presiding Officer Lindsay & Suffolk County Legislators:

This is the first Suffolk Community College budget of my administration, coming at a time when significant economic challenges to Suffolk County's resources are threatening our ability to continue provision of core services. The Executive and Legislative branches of Suffolk County are working cooperatively to resolve a three-year projected budget deficit of over half a billion dollars, and are starting to make the necessary changes to County operations to restore the County's fiscal stability.

In furtherance of the collaborative spirit of government, I look forward to building a closer working relationship with the college, leaving the historically strained relationship between College and the County Executive in the past. It is important to recognize the College's independent status while understanding the interconnections between College operations and the fiscal health of the County.

Suffolk Community College is an important partner to us on a number of levels. The resources available at the College are vital to providing our residents with educational enrichment, job training, job re-training and career preparedness. Creation of new high-wage jobs in Suffolk County will require an educated and highly skilled workforce. With 70 degree and 30 certificate programs, Suffolk Community College plays an important role in improving the professional versatility of our residents, and provides unemployed and under-employed residents with an opportunity to enhance their skill sets. Ultimately, Suffolk County's economic growth will benefit from the educational opportunities provided by the College.

The 2012-2013 budget submitted by the College does not request an increase in taxes, the County contribution or student tuition. I thank the President of the College and the College Board of Trustees for recognizing the difficult financial situation of the County and understanding that an increase to the County contribution is not something we can afford for the next several years at a minimum.

The College's financial standing is strong – their current \$19.7 million fund balance is 28% higher than last year's and it is at a historically high level for the College. A summary of the College's 2012-13 Operating Budget request is as follows:

- Total requested expenses for 2012-13 are \$193.7 million, which is \$1.5 million less and a *decrease* of 0.7% from the previous year.
- The College implemented a 2.5% across the board expenditure reduction for this budget, resulting in a reduction of \$3.5 million.
- Contractual services and utilities are \$1.8 million less than the previous year.
- Employee Contracts: While there is an increase in employee benefits and retirement costs of \$3.5 million from the previous year, the College has made strides with its employees' unions to help control salary costs. According to the College:
 - ✓ The College continues to benefit from the reopening of their contracts with faculty and mid-level administrators. The resulting Memorandum of Agreement extended the contract from 2011 to 2015, inclusive of two years of wage freezes, and will save the College \$1 million annually through 2013.
 - ✓ An additional \$1.5 million will be saved by a negotiated agreement with the faculty to increase class size by two seats.
 - ✓ Exempt administrators are adhering to the same cost of living giveback through 2013 and the College President has surrendered his cost of living adjustments for the term of the current contract.

- ✓ An agreement with the College's Guild of Administrative Officers extended the contract term for four years, covering 2011 through 2015 and includes three years of wage freezes.
- Overall, \$193.7 million in revenues are requested, which is \$1.5 million less than the previous year. There is no use of carry over fund balance in the proposed budget.
- The 2011-12 enrollment is 1.5% lower than the previous year and enrollment in 2012-13 is expected to decline another 1.5%. This reduction in enrollment is reflected in 2011-12 and 2012-13 tuition based revenue estimates.
- A tuition increase is not requested.
- The County contribution for 2012-2013 is requested at \$34.6 million, which is the same as the previous year.

In accordance with the County's operating agreement with the College (*Resolution 188-2009*), the County Executive may either approve or reject the total College expense budget and County contribution. I am pleased to say that based on the overall request and the fact that the College is holding the County contribution steady this year, we are approving the budget total and the County contribution as requested.

I am enthusiastic about working with the College on a number of issues, including: strengthening the relationship between the College and the County Executive; clarifying the operating agreements with the County to the benefit of both entities; refining the methodology for County charge backs; and developing a dynamic link between the County's new Economic Development team and the College's role in stimulating our local economy. I look forward to working with my Legislative colleagues to ensure that the County can continue to afford providing Suffolk Community College with the resources necessary to be a strong center of academic excellence and a vibrant engine of economic development.

Sincerely,

Steven Bellone
Suffolk County Executive
