

What is CodeRED?

Suffolk County is using CodeRED, a high-speed mass notification system to keep you safe in the event of an emergency. The system allows us to deliver emergency messages to you via phone call to your landline or mobile device and through text and email. You will know you have received a CodeRED alert when the number **866-419-5000** appears on your caller ID. If you missed any message details, you can always dial the toll-free number back, as many times as needed.

CodeRED Quick Facts

- The system is geographically based, alerting only residents in the affected area
- Citizens may select how they would like to receive alerts: phone call, text and/or email
- Emergency alerts are issued by Suffolk County
- Depending on the emergency, a follow-up message will be issued by Suffolk County to announce an "all-clear"
- Citizens must register to receive alerts
- Registering for CodeRED is free and simple
- There is also an app called **CodeRED Mobile Alert** that you can download onto your smartphone for free from iTunes or Google Play to receive location-specific CodeRED notifications from Suffolk County and other public safety organizations throughout the US that are using CodeRED

Sign-up for CodeRED

Did you know that it's free to sign up for CodeRED?

It's also very important to do, because if your contact information is not in the database, then you will not receive alerts if an emergency were in your area.

Follow these simple steps to register for CodeRED:

- Visit www.suffolkcountyny.gov
- Click the CodeRED icon at the bottom left of the page

- Enter all required fields as indicated by the asterisks

If you do not have Internet access, you can sign up for CodeRED by visiting the reference desk of any Suffolk County Public Library location.
