Instructions: The applicant or project sponsor is responsible for the completion of Part 1. Responses become part of the application for approval or funding, are subject to public review and may be subject to further verification. Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current available information.

Complete all items in Part 1. You may also provide any additional information which you believe will be needed by or useful to the lead agency; attach additional pages as necessary to supplement any item.

Part 1 – Project and Sponsor Information

Name of Action/Project: 2014 Suffolk County Annual Agricultural District Modifications recommended by the Suffolk County Agricultural and Farmland Protection Board as promulgated under the NYS Agriculture and Markets Law, Section 303-b.		
Project Location (include map): Town of East Hampton - 0300-166-04-001.004; Town of Huntington - 0400-203-02-051.001 and 051.003; Town of Islip, Village of Islandia - 0504- 004-01-016.000; Town of Riverhead - 0600-058-02-014.003, 0600-098-01.00-016.005, 0600-021-01-003.000 and 0600-076-02-012.001; and Town of Southampton - 0900-051-02-005.010		
Brief Description of Proposed Action (include purpose, intent and the environmental resources that may be affected): The Suffolk County Agricultural and Farmland Protection Board reviewed 7 applications totaling 9 parcels of land for possible inclusion within certified agricultural districts pursuant to NYS Agriculture and Markets Law Section 303-b. The Board recommended 7 out of the 9 parcels of land to be included within a certified agricultural district as part of their annual review process at their April 30, 2014 meeting. The 7 parcels were determined by the Board to be viable agricultural lands that would serve the public interest by assisting in maintaining a viable agricultural industry within the district.

Part 3 – Determination of Significance

The Lead Agency is responsible for the completion of Part 3. For every question in Part 2 that was answered “moderate to large impact may occur”, or if there is a need to explain why a particular element of the proposed action may or will not result in a significant adverse environmental impact, please complete Part 3. Part 3 should, in sufficient detail, identify the impact, including any measures or design elements that have been included by the project sponsor to avoid or reduce impacts. Part 3 should also explain how the lead agency determined that the impact may or will not be significant. Each potential impact should be assessed considering its setting, probability of occurring, duration, irreversibility, geographic scope and magnitude. Also consider the potential for short-term, long-term and cumulative impacts. Attach additional pages as necessary.

- Check this box if you have determined, based on the information and analysis above, and any supporting documentation that the proposed action may result in one or more potentially large or significant adverse impacts and an environmental impact statement is required. (Positive Declaration)

- Check this box if you have determined, based on the information and analysis above, and any supporting documentation that the proposed action will not result in any significant adverse environmental impacts. (Negative Declaration)

State Environmental Quality Review

NARRATIVE

New York State Agriculture and Markets Law (NYS AML) Article 25-AA provides for a locally-initiated mechanism for the protection and enhancement of New York State's agricultural land as a viable segment of its local and state economies and as an economic and environmental resource of major importance. The Agricultural Districts Program is articulated by this law wherein viable agricultural land may be included within a certified agricultural district affording certain benefits and protections in order to perpetuate farming.

NYS AML Section 303-b allows County legislative bodies the opportunity to designate an annual thirty-day period within which a land owner may request the inclusion of land, which is predominantly viable agricultural land, within an existing certified agricultural district. The County designated the month of March as the annual thirty-day period for 2014.

The Suffolk County Agricultural and Farmland Protection Board reviewed 7 applications totaling 9 parcels of land for possible inclusion within certified agricultural districts at their April 30, 2014 meeting. The parcels are located within the towns of East Hampton, Huntington, Riverhead, Southampton and the Village of Islandia, in the Town of Islip. The Board recommended 7 out of 9 parcels (173.7 out of 179.9 acres) of land to be included within a certified agricultural district. They were determined by the Board to be viable agricultural lands that would serve the public interest by assisting in maintaining a viable agricultural industry within the districts. Please note that all actions on properties included in an agricultural district continue to be subject to local zoning and subdivision regulations and that this designation does not preclude adherence to such local regulations.

The Suffolk County Agricultural and Farmland Protection Board is in the process of presenting its recommendations by Introductory Resolution to the Suffolk County Legislature ("the Legislature") for possible inclusion into existing certified agricultural districts. Once the recommendations are approved by the Suffolk County Legislature, they are sent to the Commissioner of NYS Department of Agriculture & Markets, who has 30 days after receipt of the County resolution, to certify those parcels of land recommended by the County for inclusion into a certified district. The Commissioner certifies whether the inclusion of predominately viable agricultural land, as proposed, is feasible and shall serve the public interest in assisting in maintaining a viable agricultural industry within the district(s).

Re: ***Reso-EDP-2014 Agricultural Districts (SCTM # 0300-166.00-04.00-001.004)***

Dear Mr. Schneider:

Attached for your review and consideration is a proposed Introductory Resolution that would authorize the inclusion of 1 parcel, representing 1.5 acres of farmland into existing certified agricultural districts. The inclusion of this parcel is being conducted in accordance with the provisions of Section 303-b of Article 25-AA of the New York State Agriculture and Markets Law, which requires that the County provide property owners with an annual opportunity to request to have their lands included in existing certified agricultural districts.

The Suffolk County Agricultural and Farmland Protection Board has determined that each parcel identified in Exhibit "A" of the enclosed proposed Introductory Resolution consists predominantly of viable agricultural land and that the inclusion of such land would serve the public interest by assisting in maintaining a viable agricultural industry within the district.

Please contact me, if you require any additional information.

Re: ***Reso-EDP-2014 Agricultural Districts (SCTM # 0504-004.00-01.00-016.000)***

Dear Mr. Schneider:

Attached for your review and consideration is a proposed Introductory Resolution that would authorize the inclusion of 1 parcel, representing 7.1 acres of farmland into existing certified agricultural district. The inclusion of this parcel is being conducted in accordance with the provisions of Section 303-b of Article 25-AA of the New York State Agriculture and Markets Law, which requires that the County provide property owners with an annual opportunity to request to have their lands included in existing certified agricultural districts.

The Suffolk County Agricultural and Farmland Protection Board has determined that each parcel identified in Exhibit "A" of the enclosed proposed Introductory Resolution consists predominantly of viable agricultural land and that the inclusion of such land would serve the public interest by assisting in maintaining a viable agricultural industry within the district.

Please contact me, if you require any additional information.

Very truly yours,

Introduced by Presiding Officer on request of the County Executive

RESOLUTION NO. -2014, AUTHORIZING THE INCLUSION OF NEW PARCEL(S) INTO EXISTING CERTIFIED AGRICULTURAL DISTRICT(S) IN THE COUNTY OF SUFFOLK – 2014 (SCTM # 0504-004.00-01.00-016.000 – Pal-O-Mine Equestrian, Inc.)

WHEREAS, Article 25-AA of the New York State Agriculture and Markets Law provides for a locally-initiated mechanism for the protection and enhancement of New York State's agricultural land as a viable segment of the local and state economies and as an economic and environmental resource of major importance; and

WHEREAS, Article 25-AA of the New York State Agriculture and Markets Law established and articulates the Agricultural Districts Program, wherein viable agricultural land included within a certified agricultural district receives certain benefits and protections in order to perpetuate farming; and

WHEREAS, Article 25-AA of the New York State Agriculture and Markets Law was amended in 2003 to include Section 303-B which allows county legislative bodies the opportunity to designate an annual thirty-day period within which a land owner may submit a request for inclusion of land which is predominantly viable agricultural land within an existing certified agricultural district; and

WHEREAS, Suffolk County does contain agricultural districts; and

WHEREAS, Resolution 688-2013 designated March as the thirty-day period starting in 2014 within which a land owner may submit a request for inclusion of land that is predominantly viable agricultural land within a certified agricultural district; and

WHEREAS, seven (7) applications totaling 9 parcels of land were received from land owners during the 2014 annual enrollment period; and

WHEREAS, Pal-O-Mine Equestrian, Inc., the applicant, submitted one parcel for inclusion into an existing certified agricultural district, as listed in Exhibit "A"; and

WHEREAS, the Suffolk County Agricultural and Farmland Protection Board found that the parcel(s) identified in Exhibit "A" consist of predominately viable agricultural land and that inclusion of such land would serve the public interest by assisting in maintaining a viable agricultural industry within the existing certified agricultural district(s); and

1st RESOLVED, that this Legislature hereby finds that it is in the best interest of the people of the County of Suffolk to include the parcel(s) identified by Exhibit "A" into existing certified agricultural district(s), as recommended by the Suffolk County Agricultural and Farmland Protection Board; and be it further

2nd RESOLVED, that the inclusion of the parcel(s) identified in Exhibit "A" in existing certified agricultural district(s) is hereby approved, adopted, and referred to the Commissioner of the New York State Department of Agriculture and Markets for review and certification as required by Section 303(B)(4) of Article 25-AA of the New York State Agriculture and

Markets Law; and be it further

3rd **RESOLVED**, that the Clerk of the Suffolk County Legislature is hereby directed to submit this resolution including the list of parcel(s) in Exhibit "A", the report of the Suffolk County Agricultural and Farmland Protection Board, the tax map identification numbers, and tax maps for each parcel of land to be included in an agricultural district to the Commissioner of the New York State Department of Agriculture and Markets; and be it further

4th **RESOLVED**, that Suffolk County, as SEQRA Lead Agency, hereby classifies the proposal as an Unlisted Action under the provisions of Title 6 NYCRR Part 617 and Chapter 450 of the Suffolk County Code; and, be it further

5th **RESOLVED**, that Suffolk County, as SEQRA Lead Agency, hereby finds and determines that the proposal, pursuant to Title 6 NYCRR Part 617 and Chapter 450 of the Suffolk County Code, will not have significant adverse impacts on the environment for the following reasons:

1. the proposed action will not exceed any of the criteria in Section 617.7 of Title 6 NYCRR which sets forth thresholds for determining significant effect on the environment, as demonstrated in the Environmental Assessment Form;
2. the proposal does not appear to significantly threaten any unique or highly valuable environmental or cultural resources as identified in or regulated by the Environmental Conservation Law of the State of New York or the Suffolk County Charter and Code;
3. the parcels do not appear to suffer from any severe Environmental development constraints (limiting soil properties, a high groundwater table, and/or unmanageable slopes); and, be it further

6th **RESOLVED**, that Suffolk County hereby adopts a determination of non-significance (negative declaration) and the Council of Environmental Quality is hereby directed to circulate and file all necessary notices in accordance with this resolution

Dear Mr. Schneider:

Attached for your review and consideration is a proposed Introductory Resolution that would authorize the inclusion of 1 parcel (SCTM # 0600-058.00-02.00-014.003), representing 37 acres of farmland and the disapproval of another parcel (SCTM # 0600-076.00-02.00-012.001), representing 2 acres, into an existing certified agricultural district. The inclusion of one parcel (SCTM # 0600-058.00-02.00-014.003) is being conducted in accordance with the provisions of Section 303-b of Article 25-AA of the New York State Agriculture and Markets Law, which requires that the County provide property owners with an annual opportunity to request to have their lands included in existing certified agricultural districts.

The Suffolk County Agricultural and Farmland Protection Board ("the Board") has determined that the parcel identified in Exhibit "A" of the enclosed proposed Introductory Resolution consists predominantly of viable agricultural land and that the inclusion of such land would serve the public interest by assisting in maintaining a viable agricultural industry within the district.

Additionally, the Board has determined that the parcel identified in Exhibit "B" of the enclosed proposed Introductory Resolution does not consist of predominantly viable agricultural land and that inclusion of such land would not serve the public interest.

Re: ***Reso-EDP-2014 Agricultural Districts (SCTM # 0600-021.00-01.00-003.000)***

Dear Mr. Schneider:

Attached for your review and consideration is a proposed Introductory Resolution that would authorize the disapproval of 1 parcel, representing 4.2 acres of farmland and to not recommend this parcel for inclusion into an existing certified agricultural district. The disapproval of this parcel is being conducted in accordance with the provisions of Section 303-b of Article 25-AA of the New York State Agriculture and Markets Law, which requires that the County provide property owners with an annual opportunity to request to have their lands included in existing certified agricultural districts.

The Suffolk County Agricultural and Farmland Protection Board found that the parcel identified in Exhibit "A" of the enclosed proposed Introductory Resolution does not consist of predominately viable agricultural land and that inclusion of such land would not serve the public interest.

Please contact me, if you require any additional information.

Very truly yours,

Sarah Lansdale

Introduced by Presiding Officer on request of the County Executive

RESOLUTION NO. -2014, AUTHORIZING THE DISAPPROVAL OF A NEW PARCEL FOR INCLUSION INTO AN EXISTING CERTIFIED AGRICULTURAL DISTRICT(S) IN THE COUNTY OF SUFFOLK – 2014 (SCTM # 0600-021.00-01.00-003.000 – MF & LK Holdings LLC)

WHEREAS, Article 25-AA of the New York State Agriculture and Markets Law provides for a locally-initiated mechanism for the protection and enhancement of New York State's agricultural land as a viable segment of the local and state economies and as an economic and environmental resource of major importance; and

WHEREAS, Article 25-AA of the New York State Agriculture and Markets Law established and articulates the Agricultural Districts Program, wherein viable agricultural land included within a certified agricultural district receives certain benefits and protections in order to perpetuate farming; and

WHEREAS, Article 25-AA of the New York State Agriculture and Markets Law was amended in 2003 to include Section 303-B which allows county legislative bodies the opportunity to designate an annual thirty-day period within which a land owner may submit a request for inclusion of land which is predominantly viable agricultural land within an existing certified agricultural district; and

WHEREAS, Suffolk County does contain agricultural districts; and

WHEREAS, Resolution 688-2013 designated March as the thirty-day period starting in 2014 within which a land owner may submit a request for inclusion of land that is predominantly viable agricultural land within a certified agricultural district; and

WHEREAS, seven (7) applications totaling 9 parcels of land were received from land owners during the 2014 annual enrollment period; and

WHEREAS, the Suffolk County Agricultural and Farmland Protection Board found that the parcel(s) identified in Exhibit "A" do not consist of predominately viable agricultural land and that inclusion of such land would not serve the public interest; and

WHEREAS, MF & LK Holdings LLC, the applicant, submitted one parcel for inclusion into an existing certified agricultural district, as listed in Exhibit "A"; and

1st RESOLVED, that this Legislature hereby finds that it is in the best interest of the people of the County of Suffolk not to include the parcel(s) identified in Exhibit "A" into existing certified agricultural district(s), as recommended by the Suffolk County Agricultural and Farmland Protection Board; and be it further

2nd RESOLVED, that Suffolk County, as SEQRA Lead Agency, hereby classifies the proposal as an Unlisted Action under the provisions of Title 6 NYCRR Part 617 and Chapter 450 of the Suffolk County Code; and, be it further

3rd RESOLVED, that Suffolk County, as SEQRA Lead Agency, hereby finds and

determines that the proposal, pursuant to Title 6 NYCRR Part 617 and Chapter 450 of the Suffolk County Code, will not have significant adverse impacts on the environment for the following reasons:

1. the proposed action will not exceed any of the criteria in Section 617.7 of Title 6 NYCRR which sets forth thresholds for determining significant effect on the environment, as demonstrated in the Environmental Assessment Form;
2. the proposal does not appear to significantly threaten any unique or highly valuable environmental or cultural resources as identified in or regulated by the Environmental Conservation Law of the State of New York or the Suffolk County Charter and Code;
3. the parcels do not appear to suffer from any severe Environmental development constraints (limiting soil properties, a high groundwater table, and/or unmanageable slopes); and, be it further

4th **RESOLVED**, that Suffolk County hereby adopts a determination of non-significance (negative declaration) and the Council of Environmental Quality is hereby directed to circulate and file all necessary notices in accordance with this resolution

FULL ENVIRONMENTAL ASSESSMENT FORM
6 NYCRR Part 617
State Environmental Quality Review

**Part 3 – Evaluation of the Magnitude and Importance of Project Impacts
and
Determination of Significance**

Part 3 provides the reasons in support of the determination of significance. The lead agency must complete Part 3 for every question in Part 2 where the impact has been identified as potentially moderate to large or where there is a need to explain why a particular element of the proposed action will not, or may, result in a significant adverse environmental impact.

Based on the analysis in Part 3, the lead agency must decide whether to require an environmental impact statement to further assess the proposed action or whether available information is sufficient for the lead agency to conclude that the proposed action will not have a significant adverse environmental impact. By completing the certification on the next page, the lead agency can complete its determination of significance.

The following has been completed based on the additional information requested by the Suffolk County CEQ at their public meeting on April 16, 2013:

1. *Attached are the 4/16/2013 CEQ minutes for this project. These minutes identified project elements for additional study.*
2. *See attached documentation for additional information on each of the identified project elements.*
3. *The above identified project elements are determined not to have a significant adverse environmental impact.*

Determination of Significance

An action is considered to be significant if:

One (or more) impact(s) is determined to be (both) **large** and its (their) consequence, based on the review above, is **important**.

The Project will not result in a significant adverse impact to the environment (Negative Declaration)

April 16, 2014 CEQ Meeting Minutes for CR 13 Project

A. Proposed Roadway, Safety and Capacity Improvements to CR13, Crooked Hill Road, Towns of Islip and Smithtown

Victor Keneiby, Project Manager, Suffolk County Department of Public Works and Rich Geiger, P.E. Bowne AE&T Group, gave a presentation regarding the proposed project. The project involves highway, drainage, traffic signalization and safety improvements to CR13, Crooked Hill Road, from the vicinity of CR106, Community College Drive, to the vicinity of the North Service Road of the Long Island Expressway, a total distance of approximately 1.4 miles. These improvements include pavement widening and realignment, full reconstruction of existing pavement, full curb installation on both sides of CR13, sidewalk installation along most portions of the corridor, and the installation of new positive storm drainage systems. The realignment and widening of CR13 requires land acquisitions on both sides of CR13.

After much discussion regarding the details of the project it was determined by the CEQ that more information was required. Mr. Freleng, Chief Planner with the Suffolk County Department of Economic Development and Planning, offered a suggestion to do an expanded Part 3 on the Environmental Assessment Form (EAF) rather than recommending doing a full Environmental Impact Statement. The CEQ agreed with Mr. Freleng and the CEQ decided to table the project so that an expanded EAF Part 3 section could be completed. The CEQ stated that the following additional information should be included in the expanded Part 3 section of the EAF:

- Information regarding Suffolk County's Complete Streets adopted policy and its applicability to this project.
- Additional information on the possibility of adding a bike lane to the proposed project. This information should include but not be limited to information on the project right-of-way dimensions, constraints, and required acquisitions.
- Information on whether bike lanes are planned for the Heartland Town Square Project.

Mr. Kaufman made a motion to Table the proposed project pending the preparation of an expanded EAF Part 3. Ms. Growney seconded the motion. Motion passed.

Part III EAF Attachments

Information regarding Suffolk County's Complete Streets Adopted Policy and its applicability to this project.

- Enclosed is a copy of Suffolk County Resolution No. 1076-2012 – Establishing a “Complete Streets” policy. This resolution describes the legislative intent, the legislative requirements, and the circumstances when the policy is not applicable.
- Also included below is a summarized description of the “Complete Streets” requirements and the project’s compliance with said requirements.

- The 1st Resolved Clause of Suffolk County Resolution No. 1076-2012 states that the Complete Streets policy requires the “Suffolk County Department of Public Works to consider all modes of travel within its design projects”.

During the planning of this project the Suffolk County Department of Public Works carefully considered all modes of travel and the ability for the project to accommodate these modes of travel.

- The 2nd Resolved Clause of Suffolk County Resolution No. 1076-2012 states that “the Department of Public Works shall, in the planning stage of each project, evaluate the feasibility of implementing the Complete Streets design features which may include: sidewalks, paved shoulders suitable for use bicyclists, lane striping, bicycle lanes, share the road signs, crosswalks, road diets, pedestrian control signalization, bus pull outs, pedestrian curb ramps, and traffic calming measures”

The Suffolk County Department of Public Works did evaluate the feasibility of implementing the above listed Complete Streets design features. In the planning process the Department determined that many of these Complete Streets design features would be incorporated into the project including sidewalks on both sides of the roadway, crosswalks, pedestrian control signalization, and pedestrian curb ramps.

- The 3rd Resolved Clause of Suffolk County Resolution No 1076-2012 states that the “Complete Streets shall not apply if it has been determined the following exist: use of bicyclists and pedestrians is prohibited by law, such as within a limited access highway; or cost would be disproportionate to the need or demonstrated lack of need as determined by factors such as, but not limited to: land use context, current and projected traffic volumes, population density, or demonstrates lack of community support, or the use of these design features would have an adverse impact on, or be contrary to, public safety”

While a number of the Complete Street design features are incorporated into this project the costs of installing a bike lane would be prohibitively expensive as will be described in the next section. In addition, there are other County roadways that the Department of Public Works is exploring to utilize for bike connections between

Suffolk County Community College and the proposed Heartland Town Square development project. The Suffolk County Department of Public Works is also conducting a comprehensive bike lane study to determine which County roadway right-of-ways can support designated bike lanes.

- The 4th Resolved Clause of Suffolk County Resolution No 1076-2012 states that “the Department of Public Works shall not be required to expend monies that exceed the amount of County, State, and Federal funding allocated for a particular project as identified in the County’s capital program”

As described in the next section of the Part III EAF the costs required to include a bike lane would result in the project far exceeding the amount of funding allocated for the project.

**RESOLUTION NO. 1076 -2012, ESTABLISHING A
"COMPLETE STREETS" POLICY**

WHEREAS, bicycling and walking are important forms of transportation and recreation in Suffolk County, and walking and bicycling contribute to health, fitness, and economic development; and

WHEREAS, a Complete Street policy considers the needs of all users of our roadways of all ages and abilities including: pedestrians, bicyclists, public transportation and school bus riders, motorists, movers of commercial goods, persons with disabilities, seniors, and emergency services; and

WHEREAS, streets that support and invite multiple uses, including safe, active, and ample space for pedestrians, bicycles, and public transportation are more conducive to the public life and efficient movement of people than streets designed primarily to move automobiles and trucks; and

WHEREAS, promoting pedestrian, bicycle and public transportation travel as an alternative to the automobile reduces negative environmental impacts, promotes healthy living, and is less costly to the commuter; and

WHEREAS, the design and construction of new roads and facilities should anticipate future demand for biking, walking, and other alternative transportation facilities and not preclude the provision of future improvements; and

WHEREAS, Complete Streets are supported by the Institute of Traffic Engineers, the American Planning Association, and many other transportation, planning and public health professionals; and

WHEREAS, the Suffolk County Department of Public Works regularly utilizes the Complete Streets policies and design features on an informal basis; now, therefore be it

1st RESOLVED, that this resolution shall formally adopt a Complete Streets Program and require the Suffolk County Department of Public Works to consider all modes of travel within its design projects; and be it further

2nd RESOLVED, that the Department of Public Works shall, in the planning stage of each project, evaluate the feasibility of implementing the Complete Streets design features which may include: sidewalks, paved shoulders suitable for use by bicyclists, lane striping, bicycle lanes, share the road signs, crosswalks, road diets, pedestrian control signalization, bus pull outs, pedestrian curb ramps, and traffic calming measures; and recognize that the needs of users of the road network vary according to a rural, urban and suburban context; and be it further

3rd RESOLVED, that Complete Streets shall not apply if it has been determined the following exist: use by bicyclists and pedestrians is prohibited by law, such as within a limited access highway; or the cost would be disproportionate to the need or demonstrated lack of need as determined by factors such as, but not limited to: land use context, current and projected

traffic volumes, population density, or demonstrates lack of community support, or the use of these design features would have an adverse impact on, or be contrary to, public safety; and be it further

4th **RESOLVED**, that the Department of Public Works shall not be required to expend monies that exceed the amount of County, State and Federal funding allocated for a particular project as identified in the County's capital program; and be it further

5th **RESOLVED**, that this Legislature, being the State Environmental Quality Review Act (SEQRA) lead agency, hereby finds and determines that this resolution constitutes a Type II action pursuant to Section 617.5(c)(20), (21) and (27) of Title 6 of the NEW YORK CODE OF RULES AND REGULATIONS (6 NYCRR) and within the meaning of Section 8-0109(2) of the NEW YORK ENVIRONMENTAL CONSERVATION LAW as a promulgation of regulations, rules, policies, procedures, and legislative decisions in connection with continuing agency administration, management and information collection, and the Suffolk County Council on Environmental Quality (CEQ) is hereby directed to circulate any appropriate SEQRA notices of determination of non-applicability or non-significance in accordance with this resolution.

Additional information on the possibility of adding a bike lane to the proposed project. This information should include but not be limited to information on the project right-of-way dimensions, constraints, and required acquisitions.

- The Suffolk County Department of Public Works has analyzed the additional right-of-way needed for a designated bike lane on CR-13 and determined that a substantially wider County owned right-of-way would be required. Designated bike lanes require an additional width along the entire planned project corridor. After analyzing the required right-of-way for a designated bike lane it was determined that there are many locations along the corridor where the County does not own a sufficiently wide right-of-way to accommodate the bike lane. In addition, it was determined that in many locations it would be infeasible/prohibitively expensive for the County to acquire the additional right-of-way width needed to accommodate a bike lane. These locations include but are not limited to:
 - One location where there is currently a parking lot for an existing business. The required right of way acquisition would severely impact the existing parking lot and may be so large that it would put the existing owner out of business.
 - One required acquisition would run for approximately 1,500 feet where CR-13 fronts a New York State Department of Transportation (NYSDOT) recharge basin. This land can't be acquired because the right-of-way acquisition would require reshaping the NYSDOT recharge basin which would impact its functional capacity.
 - There is no shoulder on the north bound CR-13 corridor under the Long Island Expressway overpass. Widening the Long Island Expressway Bridge would make the project prohibitively expensive.
- It should also be noted that there is not a designated bike lane along the CR-13 corridor south of the designated project area and there is not a sufficiently wide right-of-way to accommodate a designated bike lane. To acquire the needed right-of-way for a designated bike lane south of the project area would require property acquisitions from a large number of existing residential homes. These acquisitions would be prohibitively expensive.

Information on whether bike lanes are planned for the Heartland Town Square Project.

- Enclosed is section from the Heartland Town Square Design Guidelines that addresses the proposed bicycle network in the proposed Heartland Town Square development. The design guidelines indicate that bike lanes may be appropriate to incorporate on the major roadways within the proposed development.
- The Guidelines show the possibility of bike lanes leaving the development to the west towards the Edgewood-Oak Brush Plains Nature Preserve and to the east towards Suffolk County Community College. The proposed bike lanes are not proposed to proceed north or south on Crooked Hill Road. Instead the bike roads are shown connecting Heartland Town Square to the Suffolk County Community College via Campus Road (CR-106).
- The Suffolk County Department of Public Works is exploring options to connect the Heartland Town Square internal bike lanes to Suffolk County Community College via creating a bike lane along CR-106 and using the existing shoulders on the north/south running Wicks Road (CR-7).

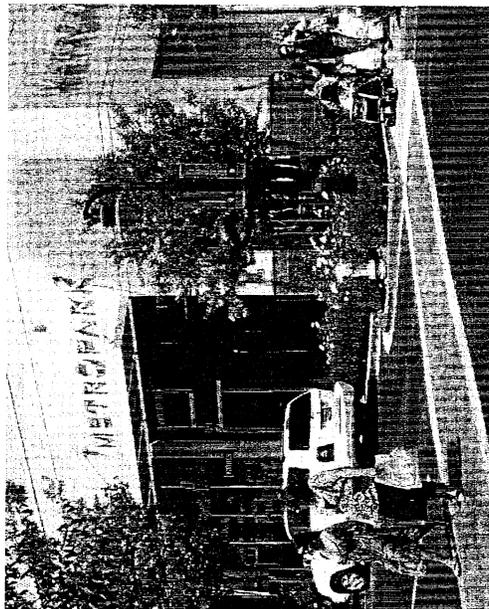

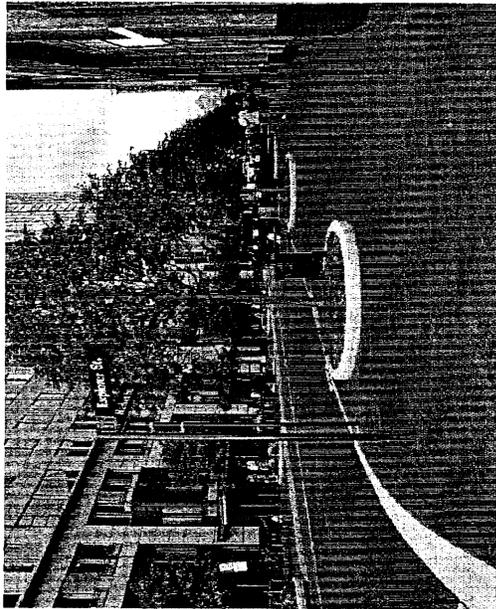

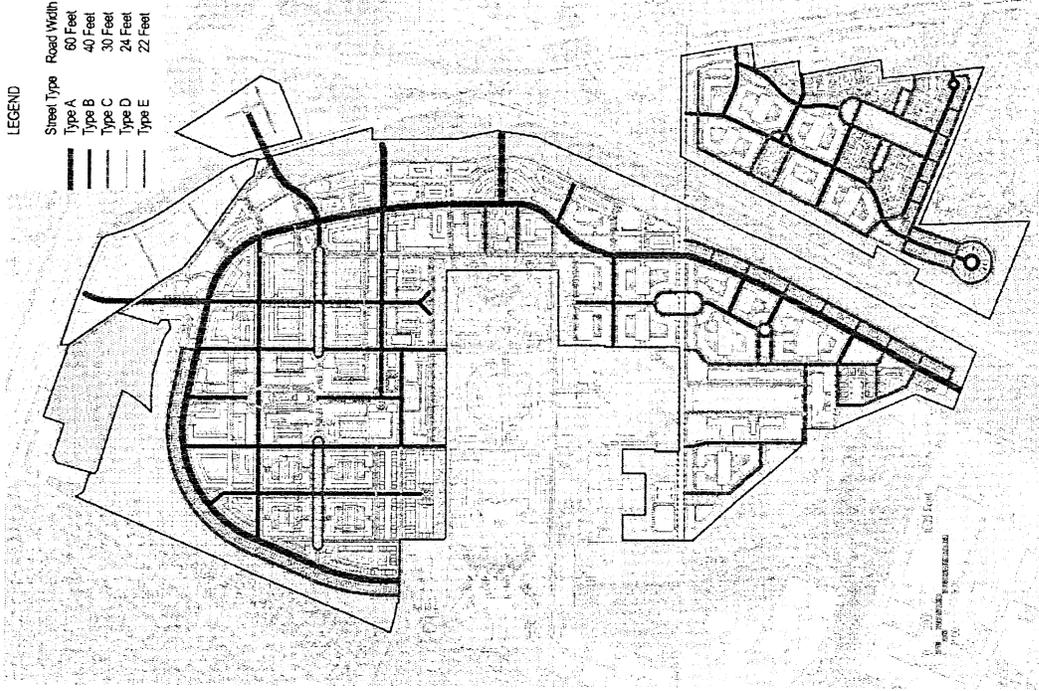

2 DESIGN PRINCIPLES & KEY ELEMENTS OF THE PLAN

2.2.2 Interconnected Circulation Network

Pedestrian - friendly Street Grid

The Conceptual Master Plan illustrates the development of a viable mixed-use community with a range of land uses including office, housing and retail. The two key aspects of planning that sustain a mix of uses of this type are first: laying down a simple flexible development framework that can accommodate a range of building types as the community grows; and second, flexible zoning that allows the mixing and layering of uses. The key to the success of a mixed land use district is control over the scale and built form of each building regardless of use. The essential idea is to create a development pattern that avoids the fragmented look of the large "box" building sitting in a sea of parking. Instead, the emphasis is on visual continuity taking the form of "street wall" buildings, connecting walls, and consistent street tree planting, and to provide a pedestrian-friendly street and sidewalk infrastructure that fosters an active street-life and promotes outward-looking, self-policing, community design.

The development framework is composed of a rectilinear street grid and a system of parks and public plazas. In effect, the development pattern is seen as a modern interpretation of a traditional small town built form. The plan identifies "fixed" elements like the street grid, buffer zones, major open spaces, etc. that do not change much over time. The development blocks within this framework are carefully dimensioned to accommodate a range of land uses. This degree of flexibility allows adjustments to the land use program in response to changing market dynamics during the course of the development cycle that may take 15 to 20 years to complete.

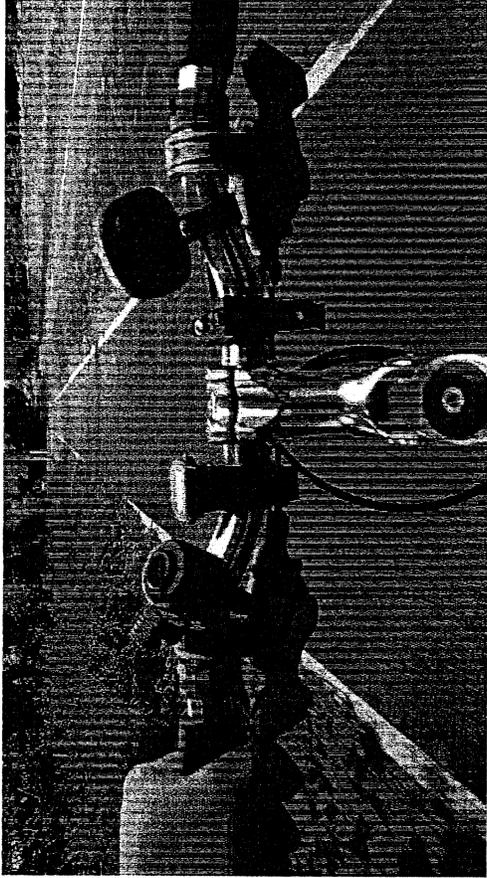

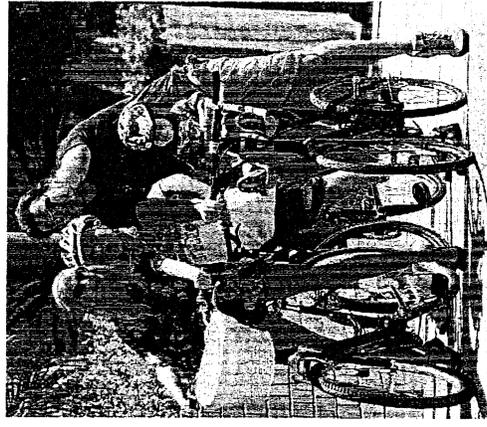

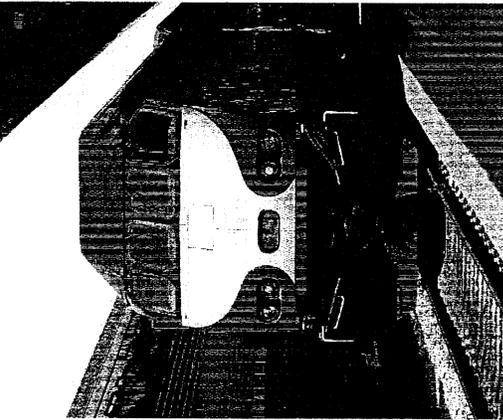

Heartland Town Square Design Guidelines Brentwood, New York

2 DESIGN PRINCIPLES & KEY ELEMENTS OF THE PLAN

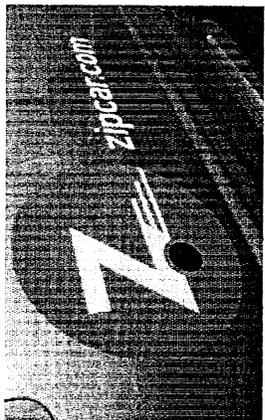

Mobility Choices

The development will facilitate various mobility choices for residents by providing:

- bus service to rail station
- traffic management programs like commuter ride sharing and van pools
- pedestrian-friendly street grids
- designated cycle routes
- rentable Zip Cars and bikes.

Commute for a whole month for less than the price of a tank of gas.

2 DESIGN PRINCIPLES & KEY ELEMENTS OF THE PLAN

Bicycle Network

Heartland Town Square is designed to incorporate a network to accommodate bicycle riders into the development. This network would be comprised of the following primary components:

Off-Street Path System:

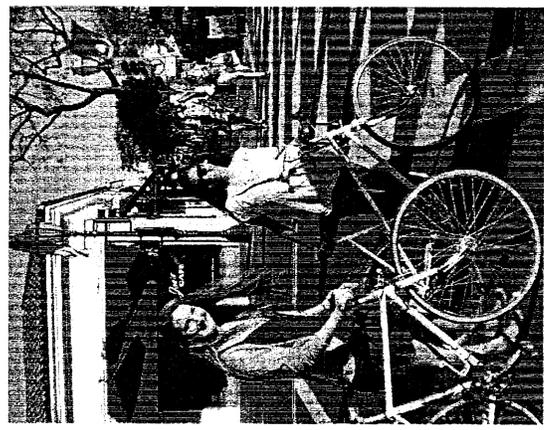

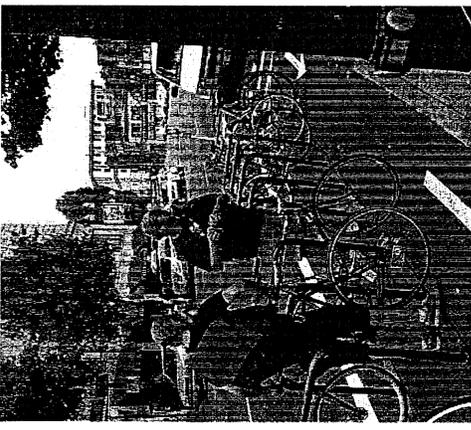

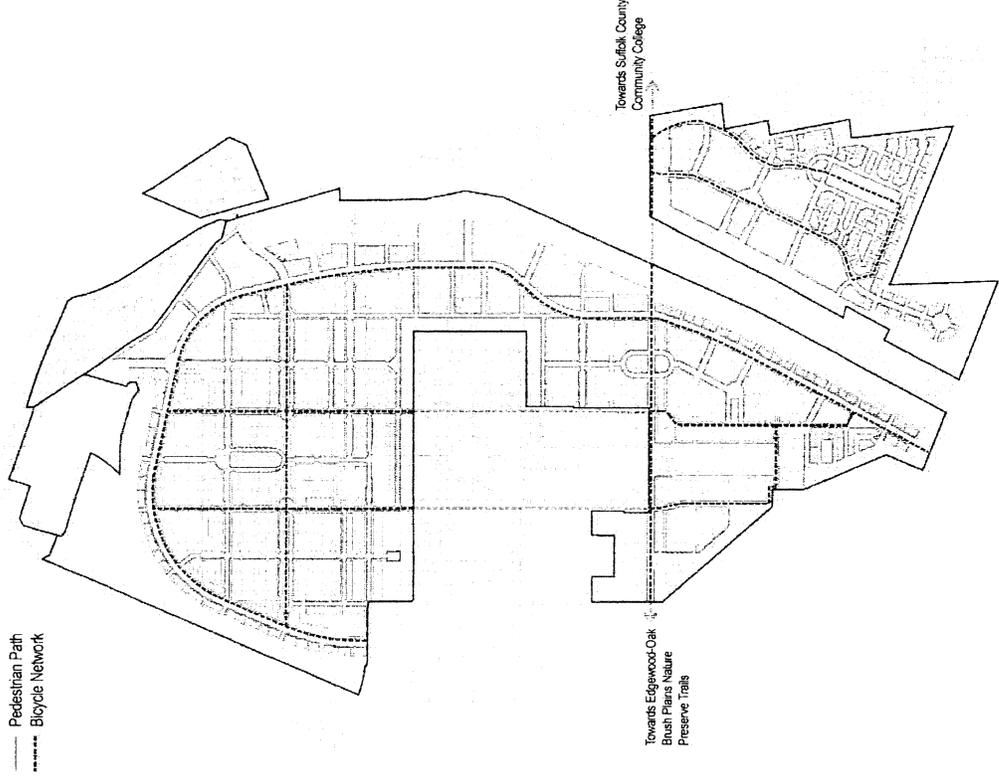

In select strategic locations, Heartland Town Square may incorporate an offstreet shared use bike path system. The offstreet bicycle/ pedestrian path separates bicycle traffic from vehicular traffic in adjacent roadways. The off-street system at Heartland would parallel the roadway, and is thus proposed as a shared use path, which can accommodate both bicyclists and pedestrians.

In-Street Bicycle Lanes:

On major roadways within Heartland Town Square it may be appropriate to incorporate in-street bicycle lanes. In-street bicycle lanes are desirable to a commuter bicyclist seeking to find the fastest route to a destination when commuting. The low-speeds of neighborhood scaled streets allow them to accommodate bicyclists without providing a dedicated in-street lane. The plan for Heartland Town Square envisions a bicyclist-friendly environment.

- Pedestrian Path
- Bicycle Network

2 DESIGN PRINCIPLES & COMPLETE STREETS

Bicycle Lane Configuration

Bicycle lanes serve the needs of all types of cyclists. As a result it is important to provide varied bicycle lane configurations. According to AASHTO guidelines, the minimum width of a bike lane should be 4 ft - 5 ft. Bike lanes along on-street parking should be placed between the parking area and the travel lane, with a minimum width of 5 ft. In some cases, parking may be needed on only one side to accommodate residences and/or businesses.
