POLICY MATTERS

Suffolk County Agricultural Districts (Status of 2010 Open Enrollment Period)
As previously mentioned, January is the Open Enrollment Period (OEP) for the Agricultural District Program, a time during which landowners of viable farmland used in active commercial production may petition to have their lands considered for inclusion in an existing certified agricultural district. Planning Staff has received approximately ten applications, thus far, and will continue to accept applications until the January 31, 2010 deadline. After the close of the OEP, the Suffolk County Agricultural and Farmland Protection Board (Board) will review all submitted applications and recommend parcels to the Suffolk County Legislature (Legislature). Upon review by the Legislature, parcels will be submitted to the Commissioner of New York State Department of Agriculture and Markets for final consideration and inclusion in existing certified agricultural districts. Planning Staff will advise the Committee once the
Board’s upcoming meeting date has been confirmed.

**Proposed Amendments to Chapter 8, “Development Rights to Agricultural Lands”**

Proposed Amendments to Chapter 8 of the Suffolk County Administrative Local Laws, “Development Rights to Agricultural Lands” were resubmitted to the County Executive and are pending filing with the Suffolk County Legislature. Planning Staff anticipates that the proposed amendments will be filed by the County Executive on January 27, 2010 and laid on the table at the Legislature on February 2, 2010. Once filed by the Clerk to the Legislature, they will be made available for the Committee and other interested parties.

**Suffolk County Aquaculture Lease Program**

In August, Local Law No. 25-2009 establishing the Suffolk County Aquaculture Lease (SCAL) Program was adopted by the Suffolk County Legislature. The SCAL Program is now in the implementation stage. Program Staff received 25 applications and completed the first of three phases of applicant interviews, which will be followed by a two week comment period. All phases are expected to be completed by the end of the summer. Member Isles reiterated the crucial importance of establishing leases prior to the end of this year; otherwise, the land will be ceded back to the State.

**STATUS UPDATE**

**Edwin Fishel-Tuccio/North Quarter Farm (0600 08200 0100 011003 p/o)**

The subject property was considered by the Farmland Committee at the November 24, 2009 meeting. The property is located in the hamlet of Riverhead, Town of Riverhead. Approximately 41 acres (out of total 107) were considered by the Committee and recommended to the Legislature for inclusion in the Purchase of Development Rights (PDR) Program. Committee Members had inquired whether the development rights to the 41 acres being considered were intact. Department Staff subsequently contacted the Town of Riverhead. Although a Transfer of Development Rights transaction including the same acreage is pending, the development rights are intact. Therefore, the PDR transaction can continue to move forward.

**Jeanne F. and Timothy T. Steele/Tandy Farm (1000 08300 0200 010018)**

The subject property is located in the hamlet of Cutchogue, Town of Southold. As previously mentioned to the Committee, there were complaints about all-terrain vehicle usage on the premises. Staff and Committee members conducted a site inspection and found evidence of such usage. The County Attorney has advised that an Order to Show Cause (OTSC) was signed by the Court on December 18, 2009. The order contains a Temporary Restraining Order restraining non-agricultural activity pending further Order of the Court. The OTSC will be heard on January 26, 2010. Department Staff will update the Committee on new information as it becomes available.

**Abbess Farm, Ltd. (Tooker)/Abbess Farm (0600 11700 0200 012008)**

The subject property is approximately 85.7 acres and is located in the hamlet of Calverton, Town of Riverhead. On December 2, 2009, the County was notified by the Town of Riverhead regarding a special event featuring a holiday lights display being held on the premises. In response, Department Staff and Committee Members scheduled a site inspection for December 3, 2009. A white tent and light display structures were observed on the premises. The site inspection was not completed due to the landowner’s refusal to provide access to the property. Instead, the site inspection was completed the next day, on December 4, 2009, with a Town of Riverhead police escort. The white tent previously observed had been removed. Although light display structures were still on the premises, none were installed. Since the event was cancelled, no further action will be taken at this time.

Susan Rozenbaum/Lavender by the Bay (1000 03100 0600 028006)
Greenhouse Structure
The subject parcel is approximately 8.6 acres and is located in the hamlet of East Marion, Town of Southold. The applicant seeks a permit to install one temporary 1,728 square foot accessory greenhouse structure, with a polyethylene plastic covering to be removed during the months of September through March. The proposed modification is intended for the purpose of starting lavender plants early in the spring and drying lavender in the summer.
A motion was put forth by Howard Johnson and seconded by Jeffrey Rottkamp. Motion carried: 11-0-0. [See Exhibit “A” for Committee resolution FC-1-2010]

The tenant, Alexander Balsam, seeks a permit to install deer fence structures to enclose a portion of the property that will not exceed a total area of 15 acres. The proposed modification is intended to combat the potential negative impacts caused by a growing deer population while at the same time minimizing negative impacts to the open field vista.
A motion was put forth by Olney Gardiner and seconded by Howard Johnson. Motion carried: 11-0-0. [See Exhibit “B” for Committee resolution FC-2-2010]

The property consists of 40 ± acres in the Village of Head of the Harbor, Town of Smithtown and received a score of 10 out of 25 by the Committee. The landowner, Glenn Borella, was in attendance to represent the application. Mr. Borella provided the Committee with additional information not included in his original application, specifically regarding his intent to exclude a portion of the property. Member Isles informed Mr. Borella of the crucial importance to include such information in the initial application and advised him to work with the Planning Department to determine the exact location and acreage of the excluded area.
A motion was put forth by Nate Corwin and seconded by John Turner. Motion carried: 11-0-0. [See Exhibit “D” for Committee resolution DR-1-2010]
