III. PUBLIC COMMENTS

Being there were no public comments, Chairwoman Lansdale closed the public comment portion of the meeting.

IV. OTHER BUSINESS

Chairwoman Lansdale noted that discussions regarding proposed updates to Chapter 8 of the Suffolk County Code is continuing. The Peconic Land Trust and the LI Farm Bureau have asked for more time to prepare their comments for consideration.

Joe Gergela asked if there had been a reply to our letter (Approved by Farmland Committee Resolution FC-35-2012 and dated June 5, 2012) to the New York State Veterinarian requesting statewide standards in regard to the appropriate number of horses per acre for different types of horse operations. Chairwoman Lansdale stated that she did receive a response from Dr. David Smith via email, dated June 12, 2012 and that, in essence, there are no simple answers to our questions and that he had no specific recommendations to provide to us. He did recommend that we contact our local Cornell Cooperative Extension and local horse industry leaders for their input.

V. DISCUSSIONS

Chairwoman Lansdale opened a discussion regarding RICHARD CORNUELLE 2010 MARITAL TRUST property at 149 Long Lane, in East Hampton North, Town of East Hampton
Tax Map #: 0300-157.00-03.00-011.004 (28.7 ± acres)

The land has been excavated and soil has been removed from the premises. Suffolk County acquired the Development Rights to this agricultural land in 1987. The seller of the Development Rights was the Town of East Hampton.

Representatives for the Town of East Hampton and their consultants were present and provided information for the Committee regarding the work that the Town, through their contractor, had conducted to date in constructing a recharge basin on Suffolk County PDR property, noted above, without a permit. According to Suffolk County personnel who visited the site on July 18, 2012, excavation of agricultural soils had commenced on the southwest corner of the property along State Route 114, as verified by pictures taken at the time.

The Town acknowledged that they had excavated soil from the site and had commenced an action on Suffolk County PDR land without a permit from the Suffolk County Farmland Committee. They stated that they had contacted their contractor on Friday, July 20, 2012 who, then, according to the Town, stopped all construction activities at the site.

An extensive discussion ensued. A number of questions were asked by the Farmland Committee members. Next steps were discussed and it was noted that there needed to be further dialogue to discuss possible solutions to this situation. Chairwoman Lansdale stated that she would keep the Committee abreast of any forthcoming information.

VI. ADJOURNMENT

A motion to adjourn was made by Howard Johnson and seconded by Joseph Krukowski at 8:20 pm. Motion carried: 14-0-0 [See Exhibit "E" for Committee Resolution FC-41-2012]

NEXT SCHEDULED REGULAR MEETING

The next meeting of the Committee is scheduled for 6:00 p.m., Tuesday, September 25, 2012, at the Kermit W. Graf Cornell Cooperative Extension Building – 1st Floor Conference Room, 423 Griffing Avenue, Suite 100, Riverhead, New York.
