In the United States, Armed Forces Day is celebrated on the third Saturday in May. The day was created in 1949, and was a result of the consolidation of the military services in the Department of Defense. It was intended to replace the separate Army, Navy, Air Force, Marine Corps and Coast Guard Days, but observance of these days, especially within each particular service, continues to this day. Armed Forces Day is also part of Armed Forces Week, which begins on the second Saturday of May.
