- NEW nursing home residents are required to remain in or enroll in a managed care plan, either MMC or MLTC
- Consumers will be educated regarding enrollment in a plan that contracts with the nursing home, and will be enrolled once eligibility is established
- Consumers may not remain in or disenroll to fee for service Medicaid if otherwise eligible for MMC or MLTC

What Is Chronic Care?

Chronic care is the branch of Medicaid that provides coverage for a higher level of care than routine or emergency services.

Chronic care MA provides coverage for people who are:
- receiving services in a nursing home;
- receiving services in an intermediate care facility (ICF);
- receiving services in a hospital at an alternate level of care
What Is Chronic Care?

Chronic care Medicaid does not provide coverage for:
- Home care;
- Adult day care;
- Lombardi Program (LTHHC); or
- Waivered services

These services are covered under community Medicaid.

Applying for Chronic Care

- No referrals are needed to apply for chronic care MA, but a person must be in receipt of services and need coverage in order for eligibility to be determined.

- Applicants should submit a signed and completed DOH-4220 (Access NY Healthcare Application) and Supplemental A (a completed LDSS-2921 is also acceptable).

Applying for Chronic Care

- Recipients of community Medicaid can notify the Agency of a change in need due to a nursing home admission that is expected to last 30 days or more.

- Upon receipt of a signed and completed application or request for a change in need, the Applicant will be mailed an acknowledgement letter and the case will be assigned to an examiner.
Applying for Chronic Care

- An Applicant may apply for themselves (personally or via a legal guardian or POA), or through a representative with written authority.

- Authorization must come from the Applicant or someone with legal authority to act on the Applicant’s behalf, such as a Court appointed guardian or power of attorney.

General Eligibility Requirements

- Applicants for chronic care must document:
  - that they are in receipt of chronic care MA services
  - marital status as spouses are legally responsible for one another
  - Suffolk County residence or that Suffolk is otherwise fiscally responsible for them
  - third party health insurance they possess as MA is the payer of last resort
  - Applicants may attest that they are a citizen or document their qualifying alien status

Resource Eligibility

- Resource documentation for the 60 months prior to the month of application must be reviewed in determining eligibility.

- This applies to all accounts, stocks, bonds, life insurance, real property, etc. owned at any time during the look back period.

- An Applicant’s resources as of the first of the month they are seeking coverage are totaled and compared to the MA Resource Allowance.
Resource Eligibility

- This includes all resources owned by the Applicant and/or the community spouse; either solely, jointly with each other or jointly with someone else.

- Refusal by the spouse of an institutionalized applicant/recipient to provide documentation of their income and resources is grounds for denial or discontinuance.

Resource Eligibility

Resources in excess of the Allowance may be spent down in the following manner:

- assigned to the community spouse to raise them to the community spouse resource allowance (CSRA);
- used to purchase a pre-paid funeral;
- used to pay medical bills;
- applied toward unpaid (viable) medical bills.

Income Eligibility

The chronic care budgeting methodology, allows for the following deductions:

- a $50.00 Personal Needs Allowance ($35.00 in an ICF)
- Health Insurance premiums
- an amount necessary to raise the community spouse’s income up to the minimum monthly maintenance needs allowance (MMNMA)
- any expenses incurred for medical care, services or supplies not paid by MA or insurance.
Income Eligibility

- Institutionalized individuals in permanent absence status are subject to the chronic care budgeting methodology.

- Any income remaining after applying the allowable deductions is applied to the cost of care on a monthly basis.

Transfers

- The 60 month resource review is primarily to determine if the Applicant and/or their spouse made any uncompensated transfers, which would result in a period of ineligibility.

- A transfer is considered uncompensated when the applicant, their spouse, or someone acting on their behalf makes a voluntary transfer of countable assets for less than fair market value.

Married MLTC Enrollees

- Married Medicaid recipients who are enrolled in a Managed Long Term Care (MLTC) Plan are considered institutionalized and are subject to the more beneficial of either spousal impoverishment or community budgeting methodology.

- These persons are not subject to transfer penalties and do not require a 60 month resource review unless they are admitted to a skilled nursing facility for 30 or more days.
Moving Medicaid From County to County

- Effective 1/1/2008 New York State allowed transfers of Medicaid eligibility when an eligible recipient moves from one county to another
  - No break in coverage
  - No need to reapply in new county
  - At least 4 months of coverage in new county before recertification

Suspension of Medicaid for Incarcerated Individuals

- Effective 4/1/2008 New York State allowed suspension of Medicaid eligibility for incarcerated individuals
  - For those in New York State or local prisons/jails – not federal prisons
  - Receives Inpatient Coverage only while incarcerated
  - No need to reapply upon release from prison/jail
  - Recertified 4 months after release

Suspension of Medicaid for Individuals in Psychiatric Center

- Effective 4/1/2011 New York State allowed suspension of Medicaid eligibility for individuals in a psychiatric center
  - No need to reapply upon release
  - Districts notified daily of individuals released
  - Recertified 4 months after release
Medicaid Under the ACA

The Affordable Care Act, together with Medicaid Redesign initiatives, has resulted in major changes to the NYS Medicaid Program

- New Eligibility groups – Certain populations will no longer obtain coverage from the local DSS
- New eligibility guidelines – Medicaid is expanding and will cover a larger portion of the population
- New methods to obtain coverage – A new online web portal, as well as new community agencies authorized to process applications

Medicaid Expansion

- New York is one of several States that has opted to expand Medicaid coverage to a new eligibility population that includes single adults.
- Family Health Plus was eliminated 12/31/14, but many formerly on FHP are now be covered by Medicaid with eligibility expanded to 138% FPL.
- For those between 138 – 150%, NYS will subsidize the Premium on the Exchange so that they will have no premium. They will have the federal cost-sharing subsidy.

New Category: What is MAGI?

- MAGI stands for “Modified Adjusted Gross Income.” It is a federal income tax term.
- People in the “MAGI” category will have eligibility determined counting income using federal income tax rules.
- For families with children, as well as singles and childless couples this will change how income is used to calculate eligibility.

Children under 21 and Parents/caretaker relatives may still "spend down" using the old rules, if they do not qualify for Medicaid using MAGI budgeting.

Recipients in the MAGI group will be eligible for 12 continuous months of coverage, regardless of changes in income.

Undocumented Immigrants will be able to obtain coverage for Emergency Services Only via the new process.

MAGI Consumers with existing Medicaid coverage will renew through the local DSS office, but will be subject to MAGI-Like rules.

Consumers in the household will be added to existing cases, as appropriate

MAGI vs. Non-MAGI

Household Composition

- Based on taxpayer status, not legal responsibility

Income

- Uses Modified Adjusted Gross Income
- Eliminates existing income disregards
- Follows IRS rules for disregarding certain incomes

### Why the new levels?

- Under the ACA, consumers who were previously eligible for Medicaid should remain eligible.
- Consumers will no longer receive any of the existing income deductions.
- The new levels take into account the previous deductions, as well as the 5% deduction that is now standard for MAGI budgeting.
- These levels were determined by CMS.

### How to apply for Medicaid today

Most consumers who are aged, blind, or disabled with Medicare must still complete an application and submit it to DSS

- Under a new grant, Suffolk County DSS has partnered with Nassau Suffolk Hospital Council to offer Application Assistance for the Aged, Blind and Disabled
  - Application assistance is held regularly at various locations throughout Nassau and Suffolk counties.
  - Call 631-656-9783 or visit the website [www.coverage-healthcare.com](http://www.coverage-healthcare.com) for a calendar listing of enrollment sites and a list of basic documents needed for the application process.
  - Call 631-435-3000 to check appointment availability
How to apply for Medicaid today

- MAGI consumers must apply for health insurance through the New York State of Health
  - Call NY State of Health at 1-855-355-5777
  - Or Go Online at: http://www.nystateofhealth.ny.gov  
- Visit a certified counselor/navigator

Certified Application Counselors

- Certain DSS Medicaid and NY Medicaid Choice staff have been designated as Certified Application Counselors.
- CAC staff provide application counseling services for in-person MAGI applicants at our 2 MA sites.
- This includes answering questions, scanning documents, and, if necessary, completing the data entry on the NYSOH site.
Options beyond Medicaid

- Children under 19 – CHP – up to 400% FPL
- Parents/ Caretaker relatives of children <18
  - Spend-down, using pre-ACA budgeting rules
  - OR -
  - Buy Insurance on Exchange and get Subsidies:
    - Premium Tax Credit – up to 400% FPL and
    - Cost-Sharing Assistance – up to 250% FPL
- Singles/Childless Couples and age 20-21 not living with parents - cannot spend-down, can buy Insurance on Exchange with premium & cost-sharing subsidies. (during open enrollment)

Essential Plan (BHP)

- New York State resident
- Citizen or lawfully present non-citizen
- Under age 65
- Not eligible for Medicaid or Child Health Plus
- Income between 133% - 200% of FPL unless ineligible for Medicaid due to immigration status
- No access to affordable MEC
- MAGI Income and household size

Exchange Referrals to LDSS

- Consumers who apply or renew through the NYSOH may trigger a referral to the local DSS MA office.
- Referrals can be for a number of reasons:
  - Medicaid eligibility determination of spend-down
  - Blind, disabled or chronically ill
  - Aged 65 or older
  - Requests for home care or waiver services
  - Applications for nursing home care
  - No longer eligible via NYSOH (for any reason)
The Future of Medicaid

- At this time, DSS continues to be responsible for all active cases, regardless of category.
- DSS will continue to process new applications for the populations NOT included in the NYSOH (Non-MAGI).
- Future enhancements will expand the NYSOH to include additional populations.
- There is no set timeline for this transition at this time.
