**(HOLBROOK-NY)** Suffolk County Legislator Bill Lindsay III recently appointed Holbrook resident and St. Joseph's College Administrator, Bryan Gill, to the Suffolk County Youth Board Coordinating Council for the 8<sup>th</sup> legislative district. Bryan will serve a three-year term and will report on

different initiatives and plans to improve the well-being of all youths throughout Suffolk County.

The Youth Board Coordinating Council consists of eighteen citizen members representing each of the County's legislative districts who have expertise in the fields of health, education, social services, recreation and youth activities. The Youth Board works to review and annually approve the local comprehensive youth development plan, holds public hearings for all to attend, and periodically requests data and program reports on the progress of the local youth service plans. The Youth Board's main objective is to serve as an advisory committee to the Youth Bureau and its Director to better support youth development in Suffolk County.

“Bryan is an outstanding advocate for our community,” said Lindsay III. “His experience working at Saint Joseph’s College and his tremendous efforts throughout Suffolk County will bring a fresh perspective to the board.”

Upon graduation from Saint Joseph’s College with a Bachelor’s and Executive Master’s Degree in Business Administration and Management, Bryan went on to work at his alma-mater, and currently serves as the Director of Student Activities & Co-Curricular Programs, Chairperson of the Freshman Year Experience; provides leadership training, and works as an advocate to improve campus life for all students. In addition, Bryan is the Director and Coordinator for Intramurals, an Adjunct Lecturer, and an Instructor for the Continuing Education program at the college.

“Bryan’s exceptional leadership skills are demonstrated through all of his efforts,” said Lindsay III. “I am excited to work closely with him to better serve our young people and ensure that they have the resources necessary to excel here on Long Island.”
