LEGISLATOR STEVE STERN TO HOST CELL PHONE COLLECTION DRIVE SUPPORTING “CELL PHONES FOR SOLDIERS”

HUNTINGTON, NY – Legislator Steve Stern’s (D-Huntington, 16th LD) is holding a cell phone collection event in support of the non-profit organization “Cell Phones for Soldiers”. This program collects gently used cell phones and recycles them in exchange for a calling card that is sent to the troops, enabling our soldiers to communicate with their loved ones free of cost. It is important that soldiers communicate with their families and this organization makes this possible. Gently used cell phones, chargers, and accessories will be greatly appreciated. Please join Legislator Stern in support of this important cause.

Legislator Stern stated, “I am proud to support this important effort to provide assistance to our soldiers and their families. A special thank you to Cell Phones For Soldiers, Rich Marine and so many of our young people who will bring our community together for this important effort.”
