“CELL PHONES FOR SOLDIERS” DRIVE A SUCCESS

Legislator Stern Holds Marathon Cell Phone Drive For Our Troops

Above is Legislator Stern with the many community volunteers that came out to support this important cause

HUNTINGTON, NY—Legislator Steve Stern (D-Huntington, 16th LD), Chairman of the Veterans and Seniors Committee, held a “Cell Phones for Soldiers” drive collecting used cell phones that will be recycled and exchanged for calling cards that will be distributed to our troops. The collection took place at three Stop and Shop locations throughout the community, with many people coming out to support this excellent cause by volunteering and donating. Over 100 cell phones, chargers, and accessories have been collected.

Legislator Stern stated, “This event was a great success. The tremendous turnout from the community will allow soldiers to communicate with their loved ones. I am proud to support this important effort to provide assistance to our troops and their families. A special thank you to student leader Rich Marine, “Cell Phones for Soldiers”, and all of the community volunteers who supported this generous effort.”
