LEGISLATOR STEVE STERN AWARDS ELWOOD PUBLIC LIBRARY SUMMER READING PROGRAM PARTICIPANTS

Joins Children at “Grins & Grins” Comedy Show

Legislator Steve Stern with Summer Reading Program participants

HUNTINGTON, NY –Suffolk County Legislator Steve Stern (D-Huntington) 16th LD attended a juggling and comedy show at the Elwood Public Library, as part of the Library’s Summer Reading Program. Each year, participating libraries run programs to encourage children to read over the summer vacation. This year’s theme is “Dig Into Reading.” Hundreds of students from the Elwood community from toddlers to high-school students participated in the program. Younger summer readers enjoyed the “Grins and Grins” Show to celebrate competing the program.

“The summer reading program is a fun and exciting way to encourage children to continue to enjoy reading over the summer months,” Legislator Stern said. “The skills children acquire by reading will help them succeed not only in school and later in life, but also help create a life-long love of reading and learning that will bring them enjoyment their whole lives.”
