

## Upcoming 2019 Septic Industry Training Opportunities!

**Note: Continuing Education Credits required upon renewal of Liquid Waste License**

**2019 Training Schedule Enclosed!**

**S.C. Department of Health Services  
Office of Ecology  
360 Yaphank Ave, Suite 2B  
Yaphank NY, 11980**

Continuing education credits will be required for all Liquid Waste License holders upon license renewal.

License holders with endorsements 1 – 8 are required to have completed a minimum of 8 Total Contact Hours (TCH's) of continuing education in order to renew their license.

License holders with endorsements 9, 10, and 11 are required to have completed a minimum of 12 Total Contact Hours (TCH's) of continuing education in order to renew their license.

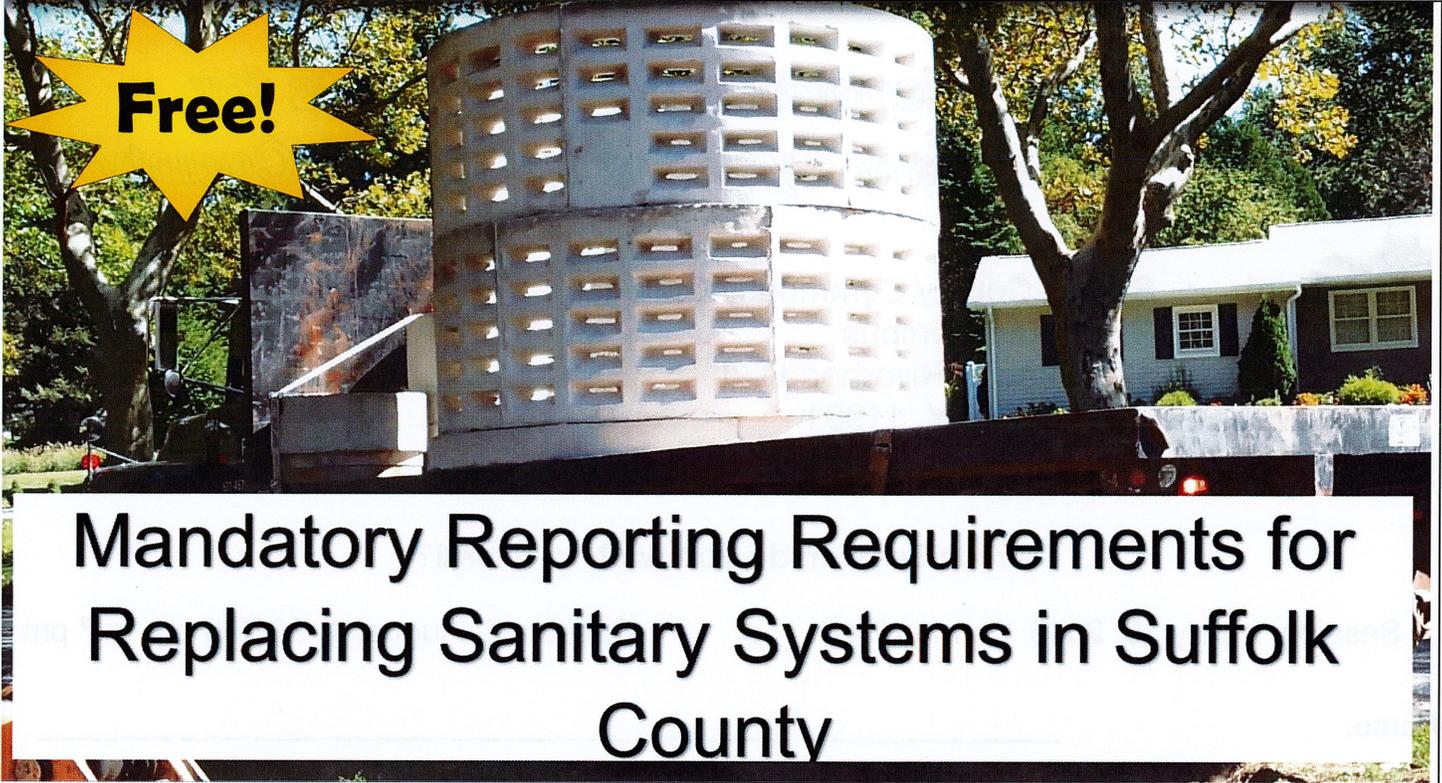

The Suffolk County Department of Health Services has arranged for the following continuing education classes in 2019:

Class Name	Class Description	# of Continuing Education Credits	Dates Scheduled
Mandatory Reporting Requirements for Replacing Sanitary Systems in Suffolk County	Overview of recent changes to Suffolk County Sanitary Code and what they mean to the Liquid Waste Industry.	1 TCH	July 30, 2019 August 1, 2019
INST100: Conventional Installation Class	Fulfills the requirement for endorsement 9: Conventional Septic System Installer. Half day class with exam.	4 TCH's	August 15, 2019
OWT105: I/A OWTS Technology Overview Class	Fulfills the requirement for endorsements 10 and 11. The 8 hour class provides an overview of I/A OWTS being evaluated and approved in Suffolk County.	8 TCH's	August 16, 2019
SCDHS Construction Standards & Review of Alternate Leaching Systems	Review of commercial and residential construction standards and new leaching system options in Suffolk County.	4 TCH's	August 22, 2019
I/A OWTS Self-Guided Tour	Visit various I/A OWTS sites installed in Suffolk County. Each Tour will include different sites.	4 TCH's	September 12, 2019 September 19, 2019

**Complete the attached registration forms if you wish to sign-up for any of the above classes!**

**Free!**

## Mandatory Reporting Requirements for Replacing Sanitary Systems in Suffolk County

***Session 1***  
***July 30, 2019***  
***6 pm to 7 pm***

***Session 2***  
***August 1, 2019***  
***6 pm to 7 pm***

**Continuing Education Credits towards your liquid waste license renewal will be provided.**

**Location:** Suffolk County Community College  
Riverhead Campus  
121 Speonk-Riverhead Rd  
Riverhead NY, 11901

### **Description**

Recent changes to Article 6 of the Sanitary Code prohibit the installation of cesspools and require that all replacements or retrofits of existing sewage disposal systems consist of a code compliant system (a conventional septic system at a minimum). Liquid Waste Professionals will be responsible for using the SHIP portal to log notifications and registrations of retrofits and replacements. This session will train the industry on the revised SHIP portal in advance of the August 5, 2019 requirements. This meeting is being offered free-of-charge. Continuing Education credits towards your liquid waste license renewal will be provided

**Confirmation:** An email will be sent prior to the training, so be sure to include your email address (please note, we do not share your email addresses).

**THE  
UNIVERSITY  
OF RHODE ISLAND**

The Suffolk County Department of Health Services in cooperation with the University of Rhode Island New England Onsite Wastewater Training Program, presents:

***Conventional Septic System  
Installation Class (INST100)***

*Complies with the Requirements for  
Endorsement 9 – Conventional Septic System Installer*

- Date & Time:** August 15, 2019 12:00 noon – 4:00 p.m.
- Location:** Suffolk County Dept. of Health Services – First Floor Auditorium  
360 Yaphank Avenue  
Yaphank, NY 11980
- Cost:** \$125 – Reduced Rate for Suffolk County Industry Professionals  
(registrations received after July 28, 2019 the cost is \$150)

**Course Description and Instructors**

This half day class will allow for industry professionals to fine tune their installation methods, discuss and share personal experiences and lessons learned, and learn about new products, and requirements implemented by the Suffolk County Department of Health Services. Attendees will be provided with copies of the most recent Department residential and commercial standards and will hear from Health Department Staff as to what is expected during an installation. In addition, the class will cover an overview of onsite wastewater systems, installation techniques, new industry products, general safety issues, and how to use tools and gadgets of the trade.

At the end of the class, you may take a written examination to fulfill the Suffolk County Department of Labor, Licensing, and Consumer Affairs requirement for the Conventional System Installation Endorsement. Instructors for the class are- George Loomis of the University of Rhode Island New England Onsite Wastewater Training Center; Ed Lyons, Suffolk County Department of Health Services.

**Class Logistics**

Participants are required to be present during the entire class (12:00 noon to 4:00 p.m.). Attendance will be taken throughout the class. Your fee does not include refreshments or lunch. The county will issue certificates to participants who successfully complete the class and pass the examination.

To transfer to another course, you must cancel the registration to the previous course *in writing/email no less than 48 hours prior to the training* and register for the new course. A \$25 administrative fee will be charged for the transfer. All transfer requests received within 48 hours of the class will forfeit the fee.

**THE  
UNIVERSITY  
OF RHODE ISLAND**

The Suffolk County Department of Health Services in cooperation with the University of Rhode Island New England Onsite Wastewater Training Program, present:

***Innovative and Alternative Onsite Wastewater Treatment Technology Class (OWT 105)***

**Date & Time:** August 16, 2019 8:00 am – 5:00 pm

**Location:** Suffolk County Dept. of Health Services – First Floor Auditorium  
360 Yaphank Avenue  
Yaphank, NY 11980

**Cost:** \$200 (registrations received after July 30, 2019 the cost is \$225)

*Class size is limited to 25 people, so please register early to ensure a seat.*

**Course Description and Instructors**

Innovative and alternative (I/A) technologies are being installed and evaluated in Suffolk County, and we anticipate more active use of these technologies in the future to help protect groundwater and surface waters on Long Island. Learn about the regulatory status of I/A systems in Suffolk County; selecting the proper system for the site; the treatment train process and standards; and wastewater distribution options. We will also teach you about pumps, controls, alarms, and timers; the basic components common to most I/A technologies; media filters; aerobic treatment units; drainfield options; and operation & maintenance. After the classroom discussion, the class will head out into the field to visit several I/A technologies installed under the County's Septic Demonstration program. Instructors for the class are – George Loomis of the University of Rhode Island New England Onsite Wastewater Training Center and Justin Jobin and John Sohngen from Suffolk County Department of Health Services.

**Class Logistics**

Participants are required to be present during the entire class – please plan to be on time. Attendance will be taken throughout the class. The class fee does not include lunch or refreshment breaks - please bring your lunch, snacks and drinks, we will also have a list of nearby dining establishments available. The second half of the class is outdoors – please come prepared to be outside. The county will issue certificates to participants who successfully complete the class.

***SCDHS Construction Standards and  
Alternate Leaching Systems***

***August 22, 2019 from 8 am - 12 pm***

**4 Continuing Education Credits towards your liquid waste  
license renewal will be provided.**

**Location:** Suffolk County Department of Health Services  
First Floor Auditorium  
360 Yaphank Ave  
Yaphank, NY 11980

**Description**

In December 2017, The Suffolk County Department of Health Services issued revised residential and commercial construction standards for Onsite Wastewater Treatment Systems. This four hour class will review these new construction standards and provide an overview of leaching structures that are now allowed as an alternative to Leaching Pools. Continuing Education credits towards your liquid waste license renewal will be provided.

## ***I/A OWTS Self-Guided Tours September 12 and 19th 2019 from 1 pm to 5 pm***

**Location:** *Entire tour held in the FIELD!* The class will be a self-guided tour and agendas with site assignments will be sent out within the week prior to the tour.

**Cost:** *Free – Tour is limited, so please register early*

### **Tour Description**

Attendees will be responsible for driving themselves to Tour locations. Suffolk County Department of Health Services Staff will be onsite along with Manufacturers Representatives from various I/A OWTS technologies. During this Tour we will visit 4 I/A technologies installed under the County's Septic Demonstration Program.

### **Class Logistics**

Liquid Waste License Holders are required to be present during the entire Tour. Attendance will be taken throughout the class. The County will issue certificates and Continuing Education Credits to Liquid Waste License Holders.
