

COUNTY OF SUFFOLK

STEVEN BELLONE
SUFFOLK COUNTY EXECUTIVE

DEPARTMENT OF PARKS
RECREATION AND CONSERVATION

PHILIP A. BERDOLT
COMMISSIONER

March 16, 2020

Suffolk County Parks is committed to ensuring our visitors and staff continue to have a safe and memorable outdoor experience at your County parks. We are following the Governor, County Executive and public health officials' guidance as we navigate the COVID-19 pandemic.

Currently, all Suffolk County Parks are open and operating on normal business hours for this time of year.

In the interest of public health, organized events and youth group camping have been suspended.

Where possible, park staff will practice social distancing, using drive-thru check-ins and limiting the number of visitors in park offices. Each park is unique, so practices at each location will vary.

Most events at our parks are canceled until further notice. Contact the park office (631-854-4949) directly to confirm if an event has been canceled.

We will continue to clean park facilities and surfaces regularly. When you visit a park, we encourage you to practice social distancing and good hygiene to protect yourself and others. [The County Department of Health provides helpful guidelines](#) we can all use to keep from getting sick.

Your Suffolk County Parks are a great way to get outside and enjoy the spring weather, instead of spending time in crowded indoor spaces. Get some fresh air, take a hike or just enjoy the beauty of Suffolk County parks.

Stay healthy and embrace your nature.
