Fair Hearings: 1 (800) 342-3334

A Fair Hearing is an administrative appeal process conducted before a New York State Administrative Law Judge and is used most often when individuals believe their case was improperly denied, closed, or their benefits were incorrectly calculated or reduced. Upon receipt of an official "Notice of Intent" specifying the action the agency intends to take, an applicant/recipient or her/his authorized representative can request a Fair Hearing by calling

1 (800) 342-3334. Everyone is encouraged to request a conference with a supervisor before seeking a Fair Hearing. The "Notice of Intent" contains the telephone number to call for such a conference.

Welfare Fraud Hotline: (631) 854-9815 or 854-9807

To report welfare fraud, contact the Special Investigations Unit's hotline or refer to the website at: <http://suffolkcountyny.gov/Home/Departments/SocialServices/ReportWelfareFraud.aspx>

Burials: (631) 854-9856

If there are no funds available from private resources, the Department of Social Services covers basic burial costs for Temporary Assistance recipients, stillborn infants or any other person found dead in the County who is not under the jurisdiction of another social services district. Approval prior to finalization with Funeral Home is required.

A simple prescreening from any computer with internet access at any time determines whether you are likely to qualify for burial assistance. Check eligibility and apply online at:

<https://apps2.suffolkcountyny.gov/dss/burial/>

Assets and Resources: (631) 854-9858

Former and current clients can obtain pay-off figures for liens that were taken on their homes when they were receiving Temporary Assistance.

Once employed or in an approved SWEP activity, such as job search, work experience, vocational education, or training, families can receive help with child care and other employment related expenses.

- If you want more information about the Suffolk Works Employment Program or want to register for the program, please call (631) 853-3664.

CHILD CARE BENEFITS: (631) 854-3349

The department provides assistance to eligible families seeking child care for children between the ages of 6 weeks through 12 years. Families must meet income and program guidelines to receive this service. Child care may be provided to enable parents to work, attend eligible educational/training programs, mental health or substance abuse treatment; provide child care due to parental illness or incapacity, or as part of a child protective or preventive case service plan. Care may be provided in licensed day care centers, before and after school programs, family day care homes, registered family day care homes, and informal child care settings.

Please note effective July 2nd 2012 the Department will:

Continue accepting new applications for NTA Child Care services for working families; however due to state funding limitations, approvals will be limited to guaranteed populations as listed below:

- Families who have applied for or are in receipt of temporary assistance when such services are needed for a child under 13 years of age in order to enable the child's custodial parent or caretaker relative to participate in activities required by a social services official including orientation, assessment, or work activities as defined in 18 NYCRR Part 385;
- Families who are in receipt of temporary assistance (TA) when such services are needed for a child under 13 years of age in order to enable the child's parent or caretaker relative to engage in work as defined by the social services district.
- Applicants for or recipients of temporary assistance who are employed and would otherwise be financially eligible for temporary assistance benefits that choose to receive child care subsidies for a child under 13 years of age in lieu of temporary assistance benefits for such period of time as the applicants/recipients continue to be financially eligible for temporary assistance;

- Families transitioning from temporary assistance whose TA cases have been closed or who voluntarily close their TA case, and who are no longer financially eligible for TA due to an increase in earned income or child support. The family must include an eligible child under the age of 13 who needs child care in order for the parent to be engaged in work, and the family's gross income must be at or below 200% of the State Income Standard. For transitional child care, the eligibility period begins with the first month in which a family becomes ineligible for TA or "child care in lieu of TA" and is limited to 12 months in duration.

In Suffolk we have taken the initiative to designate most hospitals in the county as "Safe Havens" to receive these

newborns. Callers can remain anonymous, are invited to provide medical information about the infant (although it is not required), and, if the baby has not been harmed or neglected, the mother is safe from criminal prosecution.

Foster Care Services: (631) 854-9359
