POLICY MATTERS

Draft Proposed Amendments to Chapter 8, “Development Rights to Agricultural Lands”
In July, the interdepartmental farmland working group had distributed a revised version of the draft proposed amendments to Chapter 8 of the Suffolk County Administrative Local Laws, “Development Rights to Agricultural Lands.” Committee members and other interested parties had been given a two-week period within which they could submit their final comments to the Suffolk County Planning Department (Department). Comments had been submitted by the Committee, municipal boards, special interest groups, and members of the general public. The comments had been considered, and the draft document had been revised. Member Scheer inquired as to whether or not the Suffolk County Executive could modify the document prior to its filing with the Suffolk County Legislature (Legislature). Member Isles indicated that such modification was possible.
Committee requested that all members be notified of the public hearing date once set.

A motion was put forth by Charles F. Scheer, Jr. and seconded by Albert Schmitt to support fully the approval and adoption of the amendments to Chapter 8 of the Suffolk County Administrative Local Laws, “Development Rights to Agricultural Lands,” by the Suffolk County Legislature. Motion carried: 13-0-0. [Exhibit “A”]

* Members D. Moyer and J. Turner arrived during the above discussion, prior to the motion.

Site Inspection Volunteers
Chairman Orlowski expressed appreciation to Committee members who had volunteered their time and expertise to accompany staff on recent site visits. Such Committee participation has proved to be very beneficial. Member Isles thanked those Committee members and advisors who had signed up during the last meeting and encouraged the remaining Committee members to volunteer as well.

Suffolk County Aquaculture Lease Program
On August 4, 2009 Resolution 646-2009 had been passed by the Legislature to adopt Local Law No. 25-2009, establishing the Suffolk County Aquaculture Lease Program in Gardiner’s and Peconic Bays. Member Isles expressed appreciation to the Committee for its support of the program, as demonstrated by Resolution FC-12-2009. In addition, Member Isles thanked Committee Members Mark Zaweski and Charlie Scheer, who had testified on behalf of the program at the public hearing. The application process is scheduled to begin in mid November, which will be followed by a public notification period. Department staff anticipates that leases will be issued by the Spring of 2010.

* Member H. Johnson arrived during the above discussion.

COMPLAINTS/POTENTIAL VIOLATIONS
Steele, Tandy Farm (1000 08300 0200 010018)
The subject property is approximately 10.8 acres and is located in the hamlet of Peconic, Town of Southold. The County of Suffolk (County) had received numerous complaints alleging the unauthorized recreational use of all-terrain vehicles (ATVs) on the subject parcel. During a September 8, 2009 telephone conversation with landowner Timothy Steele about the alleged violations, Committee Staff Member Jessica Kalmbacher informed Mr. Steele that nonagricultural activities are prohibited on land from which the County has purchased the development rights. On September 17, 2009 Department staff along with Committee Counsel Linda Spahr, Committee Member Mark Zaweski, and Suffolk County Surveyor Tony Abruzzo conducted an inspection of the premises. Said inspection revealed evidence of extensive ATV usage throughout the western and southern portions of the parcel. Such evidence included ATV track-marks, ramps, and turnarounds. In addition, there was evidence of recent re-seeding efforts in the ATV track-marks. Subsequent to the site inspection, a Cease and Desist Order was issued on September 21, 2009. The matter has been deemed closed, providing that the landowner continues to comply with said order.
