I. ORDER OF BUSINESS

Call to Order
Chairwoman Sarah Lansdale called the meeting of the Suffolk County Farmland Committee (“Committee”) to order at 6:00pm at the Kermit W. Graf Cornell Cooperative Extension Building, 1st Floor Conference Room, 423 Griffing Avenue, Riverhead, New York.

Chairwoman Lansdale noted changes to Committee membership since last meeting. She stated that Bennet Orlowski had submitted his resignation at the end of the last meeting (September 27, 2012). Chairwoman Lansdale noted that Mr. Orlowski had been a long term member, and that his contributions to the Committee would be missed.

Chairwoman Lansdale also recognized a new Committee member, Alex Balsam, who will be representing the Town of East Hampton. She welcomed Mr. Balsam to the Committee. Mr. Balsam introduced himself, and said that he is a vegetable farmer in the Town of East Hampton, and that he started farming about ten years ago, and currently farms 65 rented acres. He also stated that he is the Current Vice President of the Farm Bureau.

Chairwoman Lansdale updated the Committee on application 2012021, “Friar’s Head Farm Inc.”, which was presented at the September 27th meeting. She stated that the application was approved.

Approval of Minutes – September 27, 2012
Chairwoman Lansdale asked if there were any questions about the September 27, 2012 meeting minutes, which were emailed in advance of the meeting. There were not any questions. A motion was put forth by Howard Johnson, and seconded by Albert Schmitt, to approve the minutes of the September 27, 2012 meeting of the Committee, as outlined in Committee Resolution FC-54-2012. Motion carried: 12-0-0 [See Exhibit “A” for Committee Resolution FC-54-2012]

Chairwoman Lansdale also noted that the tentative date for next meeting of the Committee was January 22, 2013. There were not any objections to that date. Chairwoman Lansdale said that the Committee would set the meeting schedule for the year at the January meeting.

Correspondences—
Chairwoman Lansdale asked Lauretta Fischer if there had been any correspondence since the September 27, 2012 meeting. Ms. Fischer stated that there had not been.

II. PUBLIC COMMENTS:

Chairwoman Lansdale asked if there was anyone from the public who wanted to speak. As there was not, she closed the public portion.
III. TABLED PERMIT APPLICATIONS

A. NICHOLAS BUSTAMANTE LLC / “WARREN’S NURSERY”  
100 Majors Path, North Sea, Town of Southampton  
Tax Map #: 0900-132.00-01.00-025.033 (26.7 ± acres)  
The applicant seeks an Agricultural Development Permit for the installation, maintenance, and  
operation of a wind turbine, with applicable underground utility infrastructure, in association with a  
commercial agricultural operation. The applicant also seeks a Special Use Permit for the  
installation and maintenance of the aforementioned underground utility infrastructure. (Application  
No. 2012012)

Lauretta Fischer stated that staff had been in contact with the applicant, who was still in the process of  
completing the application, and requested it be tabled for one more meeting.

A motion was put forth by Albert Schmitt, and seconded by Charles Scheer to table the application at  
the request of the applicant. Motion carried: 13-0-0.

B. BRANDYWINE TRUST COMPANY, TRUSTEE FOR THE RICHARD CORNUELLE 2010  
MARITAL TRUST  
149 Long Lane, East Hampton North, Town of East Hampton  
Tax Map #: 0300-157.00-03.00-011.004 (28.7 ± acres)  
The applicant seeks a Special Use Permit for the installation and maintenance of a drainage  
structure, in association with a commercial agricultural operation. The land has been excavated and  
soil has been removed from the premises prior to submission of this application. (Application No.  
2012025)

Chairwoman Lansdale stated that Committee Staff was still in the process of reviewing the application,  
in conjunction with the County Department of Public Works (DPW). Chairwoman Lansdale suggested  
that the application be tabled again so Staff could complete its review. A Committee Member suggested  
that the County DPW work with the East Hampton Town DPW in order to come up with the best  
solution. The Committee member said that East Hampton Town presently does not appear to have the  
kind of engineering it needs to complete the project. She also noted that the stormwater at issue comes  
from a long way north of the subject parcel and travels all the way to Georgica Pond.

Chairwoman Lansdale said that the County has been working with Paul TeNyenhuis, of the Soil &  
Water Conservation District, and the engineering contractor that had been hired by the Town. She said  
that all of the information gathered will be brought before the Committee for the final decision.  
Chairwoman Lansdale requested the Committee table the application until Staff had more information  
to bring before the Committee.

A motion was put forth by Charlie Sheer, and seconded by Jeffrey Rottkamp, to table the application.  
Motion carried: 13-0-0.

IV. TABLED REVIEWS OF NEW PARCELS PROPOSED FOR PDR ACQUISITION OUTSIDE OF THE  
ANNUAL REVIEW PERIOD

I. OTTO LOHWASSER GREENHOUSES  
477 Moriches Middle Island Road, Manorville, Town of Brookhaven  
Tax Map #: 0200-675.00-02.00-021.001 (3.7 ± acres)  
Introductory Resolution No. 1759-2012 was introduced by Suffolk County Legislator Edward  
Romaine and laid on the table at the Suffolk County Legislature on August 7, 2012 for the  
above referenced property to be considered for Planning Steps outside the designated annual  
review period for inclusion in the Suffolk County Purchase of Development Rights Program.  
On September 27, 2012, the SC Farmland Committee tabled the subject application until Staff
had the opportunity to inspect the subject property due to concerns expressed by a Committee member about the condition of the land and its soils. Staff visited the subject property on November 14, 2012 and upon preliminary observation did not notice soils to be actively disturbed and found the condition of the property to be generally satisfactory. Staff reported that after a preliminary review of documentation, Chapter 8 criteria had been met to consider the application outside the outside annual period, which included 1) a referral by a Suffolk County Legislator and 2) demonstration that a preservation proposal is consistent with a town comprehensive plan. (Application No. 20120119)

Lauretta Fischer presented the staff report on the proposed farm PDR acquisition.

Chairwoman Lansdale asked the landowners if they had any comments. The landowners stated that, as per the conditions for inclusion of the property in the program, they have had four pallets of debris removed from the site, and additional loads would be removed on Friday. Committee members asked if the greenhouses visible in the aerial would be removed. Ms. Fischer said some greenhouses had already been removed, and more would be removed in order for the property to meet the lot cover percentage maximum. A Committee member asked if a landowner who has more than 15% existing lot coverage would have to take down greenhouses if he/she wanted to sell the development rights to the farmland. Committee members also asked if there were exceptions to the lot cover maximums for farms applying to be part of the program. Ms. Fischer replied that a landowner would need to apply for a hardship.

Committee member Jeff Rottkamp noted that he is uncomfortable with this aspect of the program. He said that someone who wanted to be in the greenhouse business might not be able to have the lot coverage they might need to run a successful greenhouse business if he/she wanted to join the program.

Chairwoman Lansdale asked Committee counsel for a legal opinion of the lot coverage requirements for joining the program.

Counsel Tom Young stated that Chapter 8 provides that if a landowner wants to apply to enter the program, he/she has to comply with the lot coverage requirements. He stated that the hardship process is for permit applications, and is not an option when applying for entry into the program.

The landowners of the Lohwasser property stated that there had been two businesses on their farmland. Their son’s business utilized the greenhouses, but that enterprise has since gone out of business, and so the greenhouses are not currently being used.

Committee members asked the applicants if they were satisfied with the lot coverage requirements as a condition for entry into the program. The applicants said that they are satisfied.

A motion was put forth by Alfred Kilb, and seconded by Nate Corwin, to recommend Suffolk County Real Property Tax Map number 0200-675.00-02.00-021.001, consisting of approximately 3.7 acres, for consideration by the Suffolk County Legislature for inclusion in the Suffolk County Purchase of Development Rights Program as outlined in Committee Resolution FC-55-2012. Motion carried: 13-0-0. [See Exhibit “B” for Committee Resolution FC-55-2012]

Chairwoman Lansdale informed the applicants that their application was approved. She noted that next the Legislative Committee of Environment, Planning and Agriculture will need to vote on it at its next meeting, and then it will go before the full Legislature.

V. PERMITS
None.

VI. ANNUAL REVIEW PERIOD AND DRAFT PRESERVATION PRIORITY LIST
Lauretta Fischer presented the staff report on the applications completed for possible consideration for the Suffolk County Purchase of Development Rights Program (SCPDRP) within the designated annual review period. One application was presented. The Volmut Farm (SCTM# 0600-098.00-01.00-019.000) property is located in the hamlet of Calverton, in the Town of Riverhead. It is 47.2 acres in size and received a rating of 14.75 out of 25 points. The Committee will make a final decision whether to recommend property for inclusion in the SCPDRP and to adopt a Preservation Priority List at its scheduled January 22, 2013 meeting.
