I. ORDER OF BUSINESS

Call to Order
Lauretta Fischer called the meeting of the Suffolk County Farmland Committee (“Committee”) to order at 12:20 pm at the H. Lee Dennison Building 4th Floor Conference Room, 100 Veterans Memorial Highway, Hauppauge, New York.

Approval of Minutes – November 12, 2013
A motion was put forth by Howard Johnson, and seconded by Charles Scheer, to approve the minutes of the November 12, 2013 meeting of the Committee, as outlined in Committee Resolution FC-01-2014. Motion carried: 10-0-0 [See Exhibit “A” for Committee Resolution FC-01-2014]

Approval of 2014 Schedule of Meetings
A motion was put forth by Howard Johnson, and seconded by Albert Schmitt, to approve the 2014 Schedule of Meetings, as outlined in Committee Resolution FC-02-2014. Motion carried: 10-0-0 [See Exhibit “B” for Committee Resolution FC-02-2014 and Exhibit “C” for the 2014 Schedule of Meetings]

Financial Disclosure Forms
Ms. Fischer told the Committee that there were copies of the Financial Disclosure Forms in members’ packets. She explained that it is required that Committee members fill out the forms, and that there were not any changes to the forms from last year. [See Exhibit “D” for a blank Financial Disclosure form]

Correspondences—
Ms. Fischer stated that there had been a letter addressed to Committee Chairwoman Sarah Lansdale, dated January 15, 2014, from Herb Strobel. Ms. Fischer read the letter, which expressed concern about the proposed acquisition of the underlying fee of the North Fork Preserve PDR, by the County, into the record. [See Exhibit “E” for the letter from Herb Strobel]

There was a discussion about the proposed County acquisition of the residual fee of the PDR. Several Committee members stated that they had been approached by farmers and members of advisory committees who were not in favor of the acquisition. Ms. Fischer said that an acquisition resolution had not been laid on the table at the Legislature yet. Committee members said they would like to know where the acquisition was in the internal County process, and that they would...
like to know before an acquisition resolution is laid on table at the Legislature. Joe Gergela asked if Committee Staff could organize a meeting of Department of Parks, Recreation and Conservation Staff and Division of Planning and Environment Staff that interested Committee members could attend to discuss the proposed acquisition further. Ms. Fischer stated that she would email Committee members about a meeting.

Chapter 8 Updates
Ms. Fischer said there was a flyer in the packets with a few bullet points on some of the changes to Chapter 8. [See Exhibit “F” for the flyer]

II. PUBLIC COMMENTS
Ms. Fischer asked if there were any public comments. There were none.

III. TABLED PERMIT APPLICATIONS

A. BRANDYWINE TRUST COMPANY, TRUSTEE FOR THE FONSECA 2010 FAMILY TRUST AND THE FONSECA QTIP TRUST, fka TRUSTEE FOR THE RICHARD CORNUELLE 2010 MARITAL TRUST
149 Long Lane, East Hampton North, Town of East Hampton
Tax Map #: 0300-157.00-03.00-011.004 (28.7 ± acres)
The applicant seeks a Special Use Permit for the installation and maintenance of a drainage structure, in association with a commercial agricultural operation. The land has been excavated and soil has been removed from the premises prior to submission of this application. (Application No. 2012025)

Ms. Fischer requested that this application be tabled to allow for continued negotiations with the Town.

A motion was put forth by by Howard Johnson, and seconded by Mark Zaweski, to table the application. Motion carried: 10-0-0.

IV. PERMIT APPLICATIONS

A. WICKHAM HOLDINGS, LLC./ “SALT AIR FARM”
1535 New Suffolk Avenue, Cutchogue, Town of Southold
Tax Map #: 1000-110.00-01.00-001.006 (12.6+ acres)
The applicant seeks an Agricultural Development Permit to allow for a designated parking area on the premises, to be used on an intermittent basis, associated with a U-Pick agricultural operation. (Application No. 20140001)

Ms. Fischer presented the Staff Report on the permit application.

Ms. Fischer said that if the Committee approves the application, Staff would hold on the issuing the permit until the landowner and the County resolve a matter involving an unapproved subdivision by deed.

A Committee member asked if a condition can be added to the resolution to require that the permanent cover crop on the parking area be maintained. Ms. Fischer stated that Staff would add that condition.
A Committee member asked how this proposal was different from a previous application for a parking area on this property. Joe Gergela and Augie Ruckdeschel noted that now that part of the Chapter 8 regulation allow for Agricultural Tourism, the parking, associated with a U-pick operation, would be an allowed use on a County PDR. The Applicant, Prudence Heston, was at the meeting, and she explained that when a wedding was hosted on the adjacent non-PDR property, a requirement of use of the property is that the guests must participate in some agricultural tourism activity. The parking would be for these guests, who would be participating in the U-pick operation.

A motion was put forth by Eugene Murphy, and seconded by August Ruckdeschel, to adopt the Staff Report for Application No. 2014001, as amended, and to approve the Agricultural Development Permit request, as outlined in Committee Resolution FC-03-2014. Motion Carried: 10-0-0 [See Exhibit “G” for Committee Resolution FC-03-2014].

V. ANNUAL REVIEW PERIOD FINAL PRESERVATION PRIORITY LIST

A. OTTO LOHWASSER GREENHOUSES

Ms. Fischer presented the proposed acquisition.

Ms. Fischer stated that the owner had indicated that some of the greenhouses would be removed from site so the property could meet the lot coverage maximums under Suffolk County’s Chapter 8 regulations.

A Committee member asked how the farm would continue to meet the revenue requirements to be considered a commercial operation once the greenhouses were removed. Ms. Fischer stated some greenhouses would stay. A Committee member asked if any of the removal had begun. Another Committee member said he had seen the property and no demolition had begun. The Committee wondered how the operation would remain viable, because some Committee members were aware that the landowner was retiring. Ms. Fischer said Staff was not aware of plans for the operation for the future, but that the property would not be allowed to lie fallow more than two years per Chapter 8.

The Committee asked to have the farmer attend the Committee’s next meeting to discuss these issues.

A motion was put forth by Howard Johnson, and seconded by Nate Corwin, to table consideration of SCRPTM# 0200-675.00-02.00-021.001, consisting of 3.7 acres in size, for consideration by the Suffolk County Legislature (Legislature) for inclusion in the Suffolk County Purchase of Development Rights Program.

B. DREAM COME TRUE FARM

Ms. Fischer presented the proposed acquisition.

The Committee requested that the exclusion to the proposed acquisition, containing a residence, be adjusted so that if the house was owned by someone other than the PDR landowner, the PDR landowner would still be able to access all parts of the property. It was suggested that the parcel be connected by at least a 20 foot wide area to allow access for farm equipment.

A Committee member asked why the County would purchase a strip of wooded land extending north of the main part of the property. He questioned if that part of the property was a necessary purchase. Ms. Fischer stated that the operation used the wooded strip as a
A motion was put forth by Mark Zaweski, and seconded by Nate Corwin, to recommend SCRPTM# 0200-593.00-02.00-005.001, consisting of 25.13 acres in size, for consideration by the Suffolk County Legislature (Legislature) for inclusion in the Suffolk County Purchase of Development Rights Program as outlined in Committee Resolution FC-4-2014. Motion Carried: 10-0-0 [See Exhibit “H” for Committee Resolution FC-4-2014].

C. ROCKY’S FARM

Ms. Fischer stated that Rocky’s Farm did not meet criteria for inclusion in the Suffolk County Purchase of Development Rights Program and that Staff did not recommend it for acquisition.

A motion was put forth by Russell Barnett, and seconded by Charlie Scheer, to not recommend SCRPTM# 0800-005.00-03.00-038.001, 0800-005.00-03.00-039.000, consisting of 5.17 acres in size, for consideration by the Suffolk County Legislature (Legislature) for inclusion in the Suffolk County Purchase of Development Rights Program as outlined in Committee Resolution FC-5-2014. Motion Carried: 10-0-0 [See Exhibit “I” for Committee Resolution FC-5-2014].

VI. OTHER BUSINESS

Ms. Fischer introduced a draft list of minor and routine agricultural practices to delegate for permitting review and determination by Division of Planning and Environment Staff. She said the draft list was in the Committee members’ packets [See Exhibit “J” for the draft list]. She asked the Committee members for comments on the draft list items.

A Committee member suggested that split rail fencing or hedging, that does not obscure landscape views, used for stopping people from wandering onto the property, be added to the list.

A Committee member suggested that livestock and deer fencing that is in accordance with USDA NRCS standards could be designated for administrative review, and alternative fencing designs would still be presented by Staff to the Committee. Paul TeNyenhuis said he would send specifications for USDA NRCS deer and livestock fencing standards.

A Committee member suggested emergency replacements of irrigation wells could be subject to only administrative review, but that new irrigation wells should remain subject to Committee review.

A Committee member suggested that USDA NRCS approved irrigation mains could be added to the list for administrative review.

A Committee said that demolition of a structure would be okay for administrative review, but that there should be a stipulation that all demolition debris must be removed off-site.

Ms. Fischer asked if the Committee would like to make a limit on the degree of modification to an existing permit that would be designated for administrative review. The Committee agreed that a permit modification for the location of a structure should be 25 feet or less in order to be designated for administrative review.

Ms. Fischer asked the Committee members to contact her if they had an additional thoughts on items to include on the list for administrative review. She said that the list would be updated with their suggestions and presented to the Committee at the next meeting for its approval.
Mr. Ruckdeschel explained that once the approved the items designated for administrative approval they would not be able to add items to the list for two years. However, if the Committee would be able to remove an item from the list, so that it would be subject to Committee review once again, at any time during the two year time period.

VII. DISCUSSION

Mr. Gergela stated that he thought there should be a meeting for members of the real estate community, informing them of the Chapter 8 updates. Mr. Ruckdeschel stated that the County was planning to have a public meeting that could inform members of the real estate community, and also owners of County PDRs, to educate about what the Chapter 8 updates would mean for County PDR landowners.

VIII. ADJOURNMENT

A motion was put forth by Howard Johnson, and seconded by Russell Barnett, to adjourn the meeting at 1:38PM. Motion carried: 10-0-0. [See Exhibit “K” for Committee Resolution FC-6-2014]

RE: SCTM 0600-02100-0100-001004

Dear Ms. Lansdale:

It is my understanding that the Division of Real Estate is currently investigating the potential acquisition by the County of the fee simple title to approximately 50 acres of farmland (SCTM 0600 02100 0100 001004) on Sound Avenue in Riverhead. The so-called “planning steps” were enabled by Resolution 987-2011 (see attached; cf. IR 1713-2011). It is important to note that the County purchased development rights on this parcel in October 1991; i.e., the parcel is ‘preserved’ agricultural land that has been within the County’s farmland preservation program for over 20 years.

It is my further understanding that the potential is being made at the behest of the County Parks Department; that department wants to establish an equine recreation facility on the preserved farmland. The parcel and equine facility are envisioned to be part of the larger 300 acre County park project (“North Fork Preserve” site) that is immediately east of the subject parcel. I strongly feel that the acquisition of the 50 acre preserved farmland and its conversion to an active recreation facility would be unwise since it would have long-term negative consequences on the future viability of the farmland preservation program.

As stated by a representative of the Parks Department at the September 2013 meeting of the County Farmland Committee, the intended uses of the subject parcel by the department would be equine–related (e.g., trail riding, riding lessons, etc.). Section 301 of New York State Agriculture and Markets Law was amended (June 2011; Senate Bill 5168A) to include “commercial equine operations” as part of the statutory definition of ‘agriculture’. This amendment expanded horse-related activities considered to be agriculture. Previously, only “commercial horse boarding operations” were included in Section 301, and the new amendment meant that operations which commercially provide horse training, trail riding and riding lessons are also considered to be agriculture.

Therefore, a prima facie argument could be made that the equine uses proposed by the Parks Department compatible with “agriculture” as now defined by Section 301. Inasmuch that this would be the case, the equine uses would be consistent with the regulations that govern the use of farmland which has been preserved using County funding. However, it is equally not unreasonable to predict that intensive uses of the parcel would quickly be at odds with the intent of and regulations governing the farmland protection program. For instance, it is not difficult to imagine a desire for parking, food concessions, bathroom facilities, offices and other intensive infrastructure needs. Also, one can presume that there could be significant removal of topsoil from the preserved farmland to install roadways, horse corrals, show rings, and trails. If such development
activities were allowed to occur on the preserved farmland, what example and precedent would the County be setting for other owners of preserved farmland? As it is right now, the Committee is facing increasing challenges with respect to the types of activities that some farmland owners want to conduct on preserved parcels. The Committee needs to carefully consider the potential ramifications that such a purchase would have on the farmland preservation program as a whole and offer thoughtful input to County staff and the Legislature.

There is also a broader philosophical question that needs to be considered: what does it mean for a municipality to acquire the simple fee title to preserved farmland and what are the potential implications? If the parcel were acquired, it would be the first instance of the County purchasing the simple fee title to preserved farmland. Directly related to this, the proposed acquisition would enable the County to utilize preserved farmland for “active recreation” (cf. first “resolved” clause of Resolution 987-2011; see attached). This would be a very bad precedent that could lead to the eventual ‘conversion’ of preserved farmland to alternative uses, namely passive or active recreation and or passive open space.

Although the plan to include equine activities in the County parkland project on Sound Avenue is perhaps an admirable goal, using preserved farmland is not the avenue by which to achieve this result. While it might appear expedient and convenient to utilize the subject parcel for this purpose, there is the very real possibility that the proposed acquisition would have longer-term and negative consequences with respect to the farmland preservation program. I urge the Farmland Committee to thoughtfully consider the proposed acquisition and register its strong reservations to the appropriate entities and groups within County government.

Sincerely,

EXHIBIT “A”
This is to Certify That I, TIM LAUBE, Clerk of the County Legislature of the County of Suffolk, have compared the foregoing copy of resolution with the original resolution now on file in this office, and which was duly adopted by the County Legislature of said County on December 6, 2011 and that the same is a true and correct transcript of said resolution and of the whole thereof.

In Witness Whereof, I have hereunto set my hand and the official seal of the County Legislature of the County of Suffolk.

Tim Laube
Clerk of the Legislature
Changes to Suffolk County’s Purchase of Development Rights Program

Suffolk County recently made changes to Chapter 8, the Administrative Code that governs the County’s Purchase of Development Rights (PDR) Program. The 2013 changes may impact your farm operation in the following ways:

**Open Enrollment Period:**

- If you are interested in selling the development rights on your property, you can now do so at any point in the year. Parcels will be considered twice per year by the SC Farmland Committee for recommendation to the Legislature.

**Abandonment of Agricultural Use Prohibition:**

- This provision prohibits leaving preserved agricultural land fallow and uncultivated for more than two consecutive growing seasons. Preserved land in the PDR program is meant to be in agricultural production. Suffolk County has the ability to seek penalties and damages against landowners who are not farming PDR land.

**Right to Use for Recreational Purposes:**

- A section was added to the legislation to ensure that the farm landowner retains the right to use the property for his or her own personal recreational uses, including hunting, fishing and camping.

**Modification of Farm Stand Regulations**

- Previously held to a maximum of 500 square feet, farm stands can now be built to up to 1,000 square feet, subject to SC Farmland Committee approval. Display areas can be as large as 1,500 square feet.
- Farm stands are now allowed to operate year-round, granted the stand is only selling produce grown on-premises or locally produced.
- Farm stands are permitted to devote a small amount of sales space (10% or less) to merchandise promoting the specific farm operation or locally grown produce.

**Additional Activities Permitted on PDR Land**

- Allows limited on-site processing of products grown on the farmer’s operation. The permitting of on-site processing is subject to approval of the SC Farmland Committee as well as all applicable State, Federal, County and Town zoning and health code restrictions.
- These four (4) agritourism activities are now permitted on PDR lands: crop mazes, hayrides, educational agricultural tours, and “U-Pick” operations.
